- '**Tric a Chlic**' is a unique and systematic phonics programme to introduce Welsh successfully to schools

- It is suitable for children who have already been introduced to a synthetic phonic programme in English (e.g. *'Read Write Inc', 'Jolly Phonics'*)

- It allows for easy progression by building on pupil's knowledge, revising sounds and introducing new Welsh sounds orally, through movement and visual clues

- Children can then blend and segment words, short sentences and read graded reading books using the same strategies as they do in English

- All books (and resources) have been translated and questions supplied with possible answers for the benefit of both teachers and support staff

- There are games, fun activities and songs for children to embed their phonic knowledge through play

- There are also **Tric a Chlic** apps which reinforces the teaching in a creative way

https://tricachlic.cymru/english-medium-schools/?lang=en

The programme is built of 3 elements:

- **phoneme – grapheme correspondence**
- **combine (build) sounds to read**
- **segment (cut) sounds to spell**

A large number of schools in Wales implement the programme with their learners and see the benefit and successes of the programme.
