FERRARI COVID-38 POWERBOAT

WILLIAM PICKANCE

RATIONALE:

DUE TO THE WORSENING OF THE COVID PANDEMIC
MILLIONS ARE NOW STUCK PERMANENTLY ISOLATING,
REQUIRING TRANSPORT BUBBLES.
HOWEVER, THIS HAS WIPED OUT THE NEED FOR TRANSPORT AS AN EXPERIENCE.

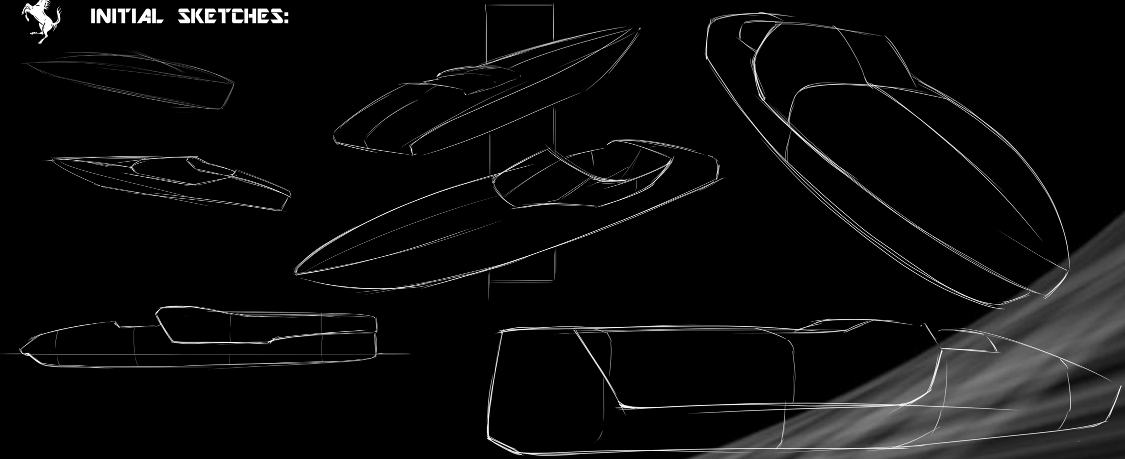
THERE IS STILL A PLACE IN THIS WORLD FOR PEFORMANCE VEHICLES,
HOWEVER NO LONGER A USE FOR THEM ON THE ROAD...
I INTEND TO DESIGN A FERRARI INSPIRED POWERBOAT TO ALLOW THE WEALTHY
TO ENJOY THE FRESH CLEAN SEA AIR, WHILE STILL PROVIDING THEM
THAT UNIQUE PERFORMANCE THEY SO TRUELY MISS.

MOOD BOARD:

ELEGANCE AND POWER OF NATURE

TAKING INSPIRATION FROM PEFORMANCE AND TURNING IT INTO AN EXCLUSIVE EXPERIENCE

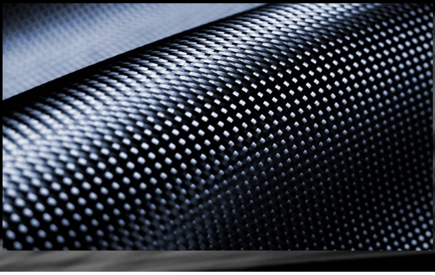
INITIAL SKETCHES:



SOLAR CARBON:

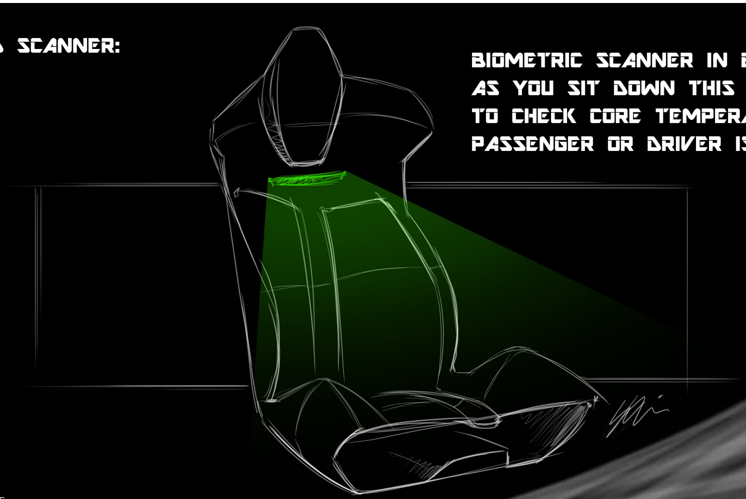
THE MAIN SECTION OF THE BOW WILL CONSIST OF A LARGE PIECE OF CARBON FIBRE. INSIDE THIS CARBON WEAVE WILL BE TINY SOLAR PATICLES, THESE ACT AS INDUVIDUAL SOLAR

CELLS THEREFORE CREATING A LARGE, LIGHTWEIGHT AND DURABLE SOLAR PANEL TO CHARGE THE BATTERY FOR THE BOAT.

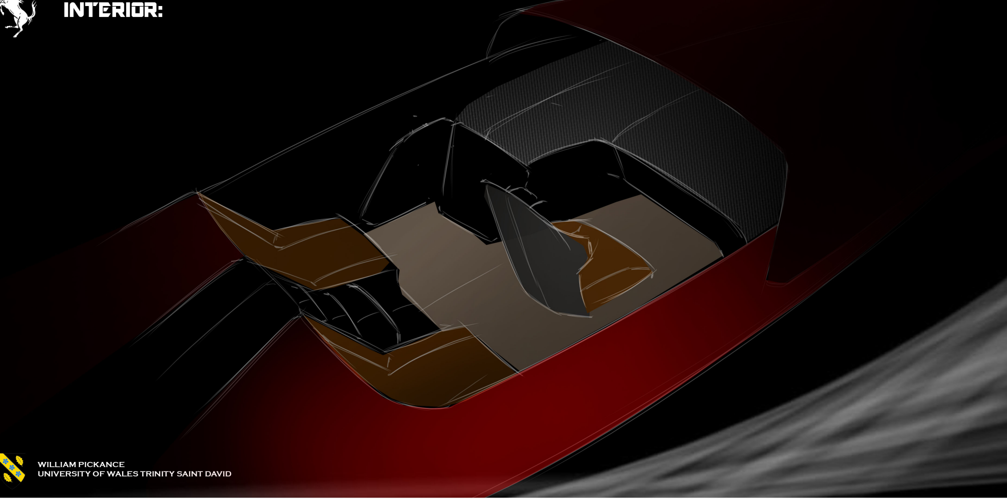


COVID SCANNER:

BIOMETRIC SCANNER IN BACK OF SEAT, AS YOU SIT DOWN THIS SCANS YOUR NECK TO CHECK CORE TEMPERATURE TO ENSURE PASSENGER OR DRIVER IS COVID FREE.



INTERIOR:



LARGE SOLAR CELL TO BOOST RANGE OF ELECTRIC MOTOR.
MADE FROM FINE HONEYCOMB STRUCTURE TO INCRASE SURFACE AREA.

UNIVERSITY OF WALES TRINITY SAINT DAVID

COVID CLEAR:

AS YOU WALK ON TO THE BOAT, YOU ARE REQUIRED TO WALK THROUGH AN ANTI-VIRAL MIST CREATED BY TELESCOPIC POLES THAT EXTEND FROM THE AFT DECK.
