

Selecting your Timetable Preference

To help you achieve the best learning outcomes, where possible, we give our students the opportunity to submit a timetable preference from the timetable options their level offers.

To submit your preference from the timetables available, you'll need to use the Timetable Preference app. A link to the app will be sent to you via email to your UWTSD issued email address.

You will only be able to see/select timetable options for your level you are enrolled on and you will only be able to choose 1 option as your preferred timetable. To return to the previous screen in the app, please tap (or click) the back icon.

1. When you first open the app you may see the 'App permissions' pop up, tap (or click) 'Allow' to ensure the app will work correctly.

The app loading screen will then appear.

2. The app home screen will list the levels, select your level to see the timetable options available to you.

3. You will then see your level's timetable options, you may need to scroll to see all the timetable options. Tap (or click) 'Select' to choose a timetable as your preference.

Once you have selected a timetable, you will be able to tap (or click) 'Confirm Selection' to confirm your preference.

4. On the next screen, you will be given the chance to check the details again before you submit your timetable preference.

If you need to make a different choice tap (or click) the back icon.

To submit your selection, tap (or click) 'Submit'.

5. You will receive a message to confirm that your timetable preference has been received, tap (or click) 'Exit' to exit the app.

6. An email confirmation of your timetable preference will also be sent to your UWTSD issued email address.
