

Welsh Language Competency Framework

During my PTE practice, I have used a range of simple sentences in Welsh language (such as short conversation, greetings and praise) during my lessons.

I have also made my PowerPoint presentations bilingual (Welsh and English).

Furthermore, the university has arranged a series of Welsh lessons and workshops to help us gaining and improving our Welsh skills. Below is an example of the Welsh workshop that I have undertaken with other PGCE fellow students to learn and practise Welsh vocabulary.

I have incorporated Welsh culture into my lessons for Year 7 Art (Spring Term).

The learning goals were set to enable pupils to critically think about Welsh culture, and investigate aspects and elements associated with textile and waving in Wales.

To learn Welsh heritage and contemporary aspects of Welsh culture.

Express their ideas and thoughts through starter literacy task and discussing Welsh culture.

Below is an example of the PowerPoint presentation and the Lesson plan of one of these lessons.

Welsh Heritage - Blanket and Quilt Making Treftadaeth Gymreig - Gwneud Blancedi a Chwiltiau

The **woollen industry in Wales** which is dated back to 12th century was country's most important industry during the Industrial Revolution.

As of 2013 there were just nine commercial woollen mills still in operation, often run by small families producing traditional Welsh cloth on old looms.

In 2017 Welsh blankets became a trend, and had been increasingly popular and valuable as a heritage craft.

I am still encouraged to use Welsh I feel that it is still insufficient use of Welsh, I would therefore hope to have the opportunity to use medium of Welsh in a border scale in my future lessons.
