11-12.40 Speed Tutorials

What:

An opportunity to meet staff and students from across the programme and beyond, to discuss your ideas and to get feedback.

We have organised the Speed Tutorials, like “Speed Dating”! To **talk**; to offer the chance to speak for 5 mins about your **Explorative Praxis ideas** with hopefully, a number lecturers and/or technical demonstrators during the morning. When you are **not talking** about your project ideas, you will be able to **listen** to the **other students** and hear how they are approaching their **Explorative Praxis**.

There are **4 time slots** with **20 parallel sessions** to choose from, between 11-12.40 on Friday morning 5th Feb, on Teams: 11-11.20, 11.20-11.40. **Break 11.40-12.00**, then Session 3 the starts at 12.00-12.20, 12.20-12.40, you should join one session in each of the time slots.

Each time slot is for **20 mins and has time for 3 students to have a 5 min tutorial**.

Lectures will be keeping to time and tutorials are limited to 5 mins. Some sessions you will not have a tutorial but can listen, please allow people in any session who have not had a tutorial or fewer tutorials to have an equal opportunity to speak.

How to do this:

1. Check what time it is
2. Find the forum with this time
3. Click a link which is running at this time on one of the forum segments
4. If there are 3 or less stay in this session
5. If there are more than 3 try another link in one of the parallel time slots
6. At the end of the first 20 mins, move to the next time slot and choose a different tutor
7. Repeat steps above till we finish at 12.40

12.45 – Additional session with Lyndon Davies, technical demonstrator in Ceramics – Q&A
