how to share file via one drive

- ***First select the file or folder you would like to share***
hold down ctrl then click on every file you'd like to select
- ***Then select share***
- ***Then you will need to select anyone with this link who can edit the item then set the permission***
- ***And then select Allow Editing in case you wish others to be able to edit the file or Unchecked Editing in case you want others to be able to view it***
