Discover

Ever green woods, an oasis of tranquillity,
Thriving with life, side by side, in harmony.
River flowing, bubbling freely,
A place to see, a place to just be.

Discover

The woods hold surprise,
For the young and the wise.
Adults like children can play,
Or find peace for the day.

Upon a babbling brook
Thrilled families onlook,
Stones they will skim,
Hearts full to the brim.

Laughter and smiles,
At least for a while.
Until homeward bound,
Leaving the gentle sound

Of birds and insects sing,
But the trees are king.
A green patchwork delight,
Moonlit magic by night.

The forest is home to a variety of flowers, delicate and colourful, feeding the insects that visit them.

Forest

Conserve

Birds such as the Rosy Starling and Eurasian Treecreeper should live in Penllergaer Forest. The first action to conserve was to make bird feeders to encourage such wildlife back to the area.

Ideal Ingredients

Sunflower Hearts

Peanut pieces and other Bird Seed Mixes

Dried Fruits softened with water

Crumbled or Grated Cheese

Cooked Rice

Breadcrumbs

Method

Combine your chosen ingredients in a bowl and add softened lard or dripping

Once combined, spread the mixture over a pinecone making sure to push the mixture in
Secure a small piece of string and hang

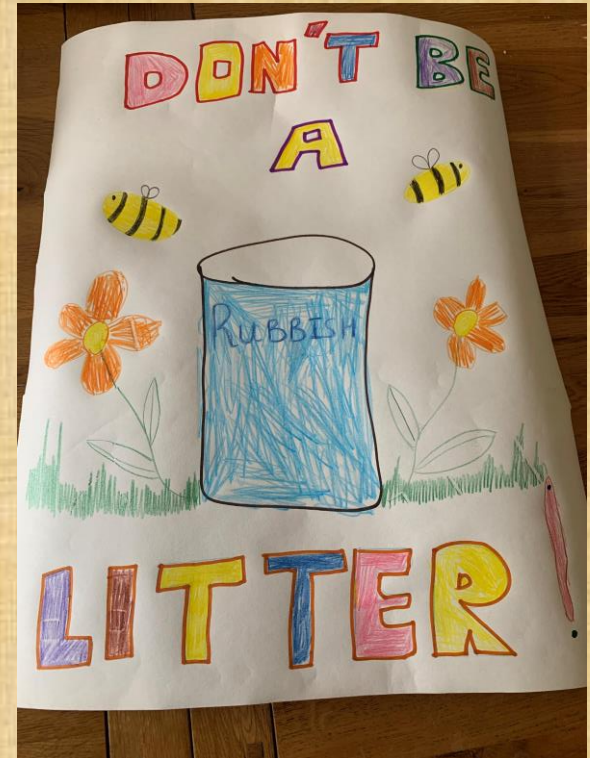

Conserve

Conserve

Litter left by the public at Penllergaer Forest. This inspired the second action for the conserve element of the John Muir Award, identifying a need for regular litter picking within the area.
