Introduction

Design a website related managing enterprise 21st century.

Main body

This task was set a business website in group users a Webley.com. This task make a business website. We make very good website. We are group worked together before we understand each other strength and weaknesses.

Designing a business website new experience all of us. Design business website helps our business.

Good business website needs: road map. Contact information. Online information. And many more.

Our business website we using our business photos. We put our business information customer can see ease.

We use we website every day. But I don't know how to make business website. Now I can make a business website. It is new experience for me.

Our business in Swansea city center in Swansea market customer find ensile. Our business name Himalayan Feast.

Conclusion

I really enjoyed worked with group make business website. It is helps me in future. Make a business website.

← this is somewhat brief!

What does this mean?

Centre

explain, too vague. Don't leave the reader wondering.

What type of information? Be specific.
