[**KYLE PARKER**] **MALE, can play 8-10 years old.** CONFIDENT, SMART, he's wise beyond his years. He takes pride in being a lot smoother with the ladies than his older brother Michael. He's gutsy and funny and loves to drive his big brother nuts. **(SUBMIT ALL ETHNICITIES)... SERIES LEAD, ALL SHOWS PRODUCED.**

STORYLINE: Michael Parker's starting high school as a bit of a social underdog, but believes that things could change if he could catch a break. When Willa Wilde crash-lands in 2015 and accidentally transports Michael, Kyle and Heather home with her to the future, this unusual, blended family must learn to live and survive together in 2070.
