CAREERS FAIR 2025: TOP TIPS

Attending a careers fair is a great opportunity to speak to a wide range of organisations about their vacancies, volunteer opportunities and graduate jobs positions.

Speaking to exhibitors in person gives you the chance to ask important questions and explore opportunities you may not have considered. For example, you can find out about work experience that you may need, responsibilities, training, application processes, even the culture of the employer. If you are well-prepared and use your time wisely, you could gain valuable information to help you in the future.

The fair could also be an excellent opportunity to find out about different work sectors, particularly if you are undecided on what you would like to do after university.

We understand that you may have never been to a careers fair, so the Careers Service will also be on hand to advise and support you. Please come and find us if you need anything...we will be in the main hall and at the entrance of the fair.

Our top tips for the fair

- *Arrive on time – plan ahead*
- *Bring a few copies of your CV if possible and any examples of work you may want to showcase.*
- *Dress smart/casual as this can help you to feel more confident and makes a good first impression.*
- *Be prepared to talk to recruiters. UWTSD staff will be there to support you.*
- *Plan your day and give yourself plenty of time to speak to employers. Avoid waiting at busy stands. Use the time to speak to other exhibitors of interest and come back when it's quieter.*
- *It is best to go around the fair on your own, rather than in large groups, so you can ask your own questions, and make an individual impression.*
- *Ask for the name of any representatives you have spoken to, perhaps ask for a business card.*
- *Take the time to talk to every exhibitor at the Fair. You never know what jobs they may have on offer – it might not be what you think. so, don't just assume you know and think they're not for you, go and have a chat – it might be the best decision you've ever made.*
- **Enjoy it and smile 😊**

GOOD LUCK!
