DISCOVER THE AREA

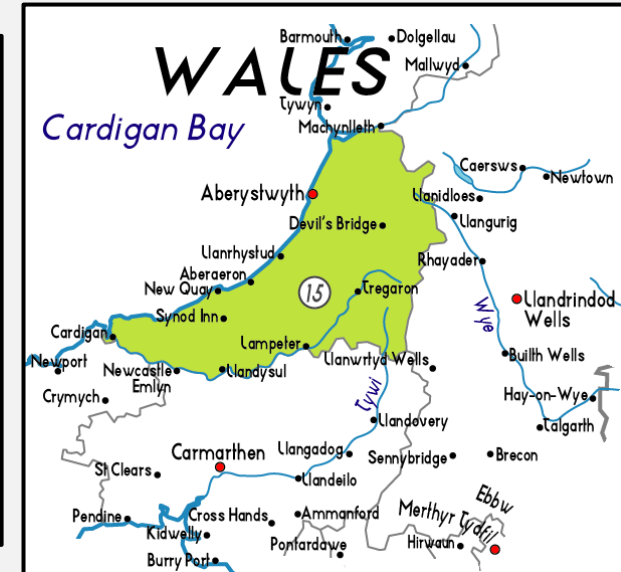

Ar lan y môr mae rhosys cochion
Ar lan y môr mae lili gwynion
Ar lan y môr mae 'nghariad inne
Yn cysgu'r nos a chodi'r bore.

Ar lan y môr mae carreg wastad
Lle bûm yn siarad gair â'm cariad
O amgylch hon fe dyf y lili
Ac ambell gangen o rosmari.

Ar lan y môr mae cerrig gleision
Ar lan y môr mae blodau'r meibion
Ar lan y môr mae pob rinweddau
Ar lan y môr mae nghariad innau.

I have always felt so fortunate to live near the coast and have such beautiful beaches, views and wildlife on our door step. Spending not only the Summer months but most of the year on Cardigan Bay beaches, exploring caves and rock pools, dolphin spotting, walking along coastal paths and taking in the breath-taking scenery. Living in an area of West Wales, surrounded by beaches, farmland and woodland means there is always so much to explore.

EXPLORE THE GARDEN

I decided to explore our garden, as with having two young boys, this is where we spend most of our time when at home, mostly playing in the mud kitchen, farming with toy tractors or gardening. We see and hear the birds on a daily basis, however, we had never really explored the garden to see what else we had living here. I decided the best way to explore the garden was through using our five senses and asking my eldest son what he could see, hear, smell, taste and feel.

EXPLORING WITH OUR SENSES

VISION

HEARING

SMELL

TASTE

TOUCH

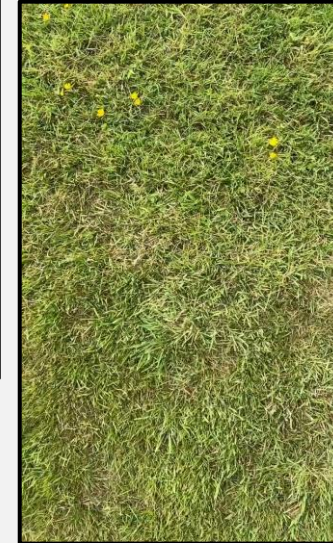

WHAT CAN I SEE?

- Flowers
- Rain drops
- Birds
- Rabbits
- Foxes
- Bees
- Bugs
- Grass
- Mixture of colours

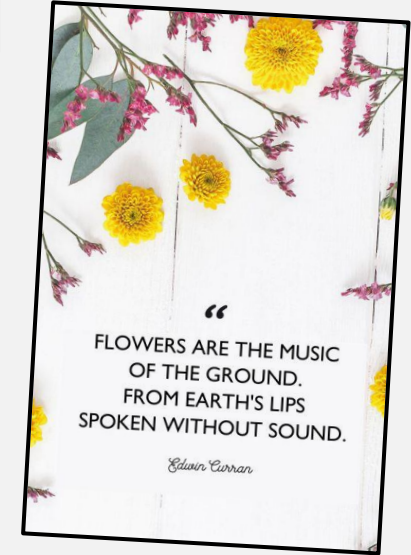

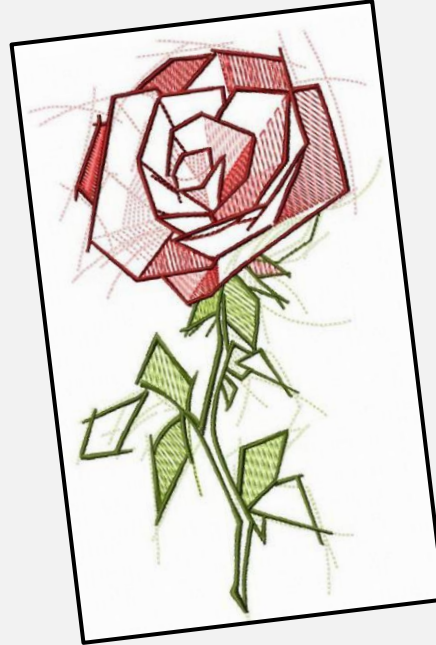

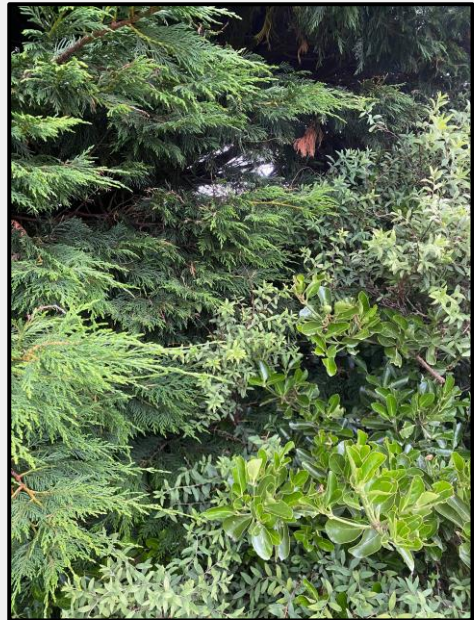

WHAT CAN I HEAR?

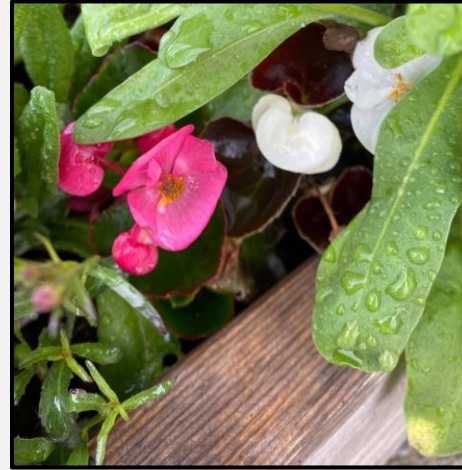

- The wind in the trees
- The sheep and cows
 - The bees
 - The birds singing
- The rain drops on the plants
- Rustling in the bushes
- Stones crunching walking on the path

WHAT CAN I SMELL?

- Grass
- Fresh air
- Flowers
- Evergreen
- Tree

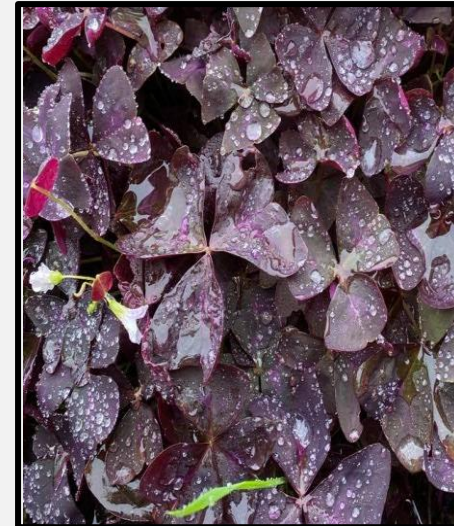

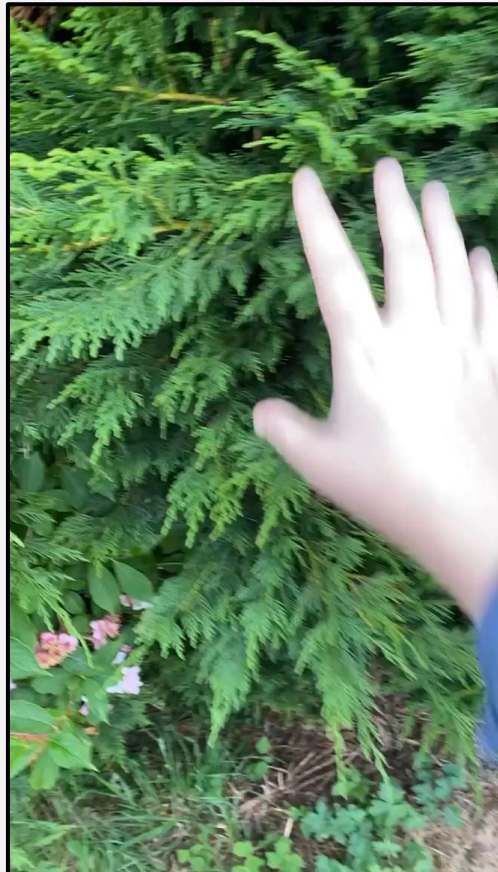

WHAT CAN I TASTE?

- Due from the grass
- Edible flowers
- Honey suckle
- Sunflowers
- Blackberries

WHAT CAN I TOUCH / FEEL?

- Grass
- Flowers
- Leaves on trees and bushes
- Rain
- The wind in my hair
- Soil
- Bark on the tree
- The sun on my skin

EXPLORE - WHAT
LIVES IN THE
GARDEN?

BIRDS

Flying free

Flying high above the sky,
looking down at all bellow.
I am free to follow the wind,
to see the land and sea.
Flying with friends or flying
alone, one day I shall fly
home.

The most popular
birds in the garden.

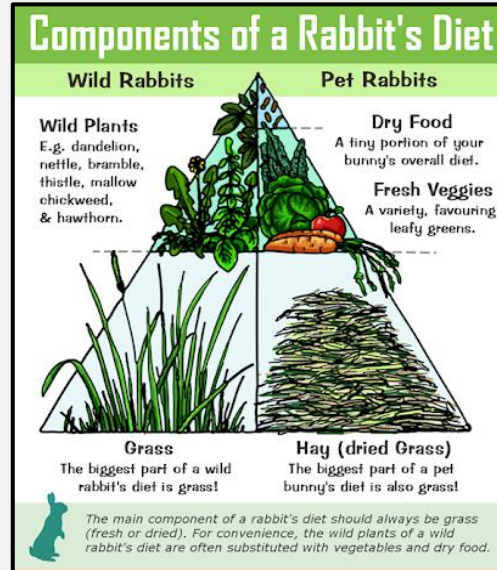

What birds can I see?

Bird	Tally	Bird	Tally
Robin		Blue tit	
Crow		House Sparrow	
Woodpigeon		Starling	
Seagull		Blackbird	
Pheasant		Great tit	
Duncock		Red kite	
Magpie		Hawk	
Wren		Barn Swallow	

Bird spotting sheet to see
how many different types
we could see in the garden.

RABBITS AND FOXES

What could be down the Rabbit hole?

Song we sang in Primary School

THE FOX

The fox went out on a chilly night
Prayed for the moon to give him light
For he had many a mile to go that night
Before he reached the town o (2x)

He ran til he came to a great big bin
Where the ducks and the geese were kept therein
Said, a couple of you are going to grease my chin
Before I leave this town o

He grabbed the grey goose by the neck
Threw a duck across his back
He didn't mind the quack, quack, quack
And the legs all dangling down o

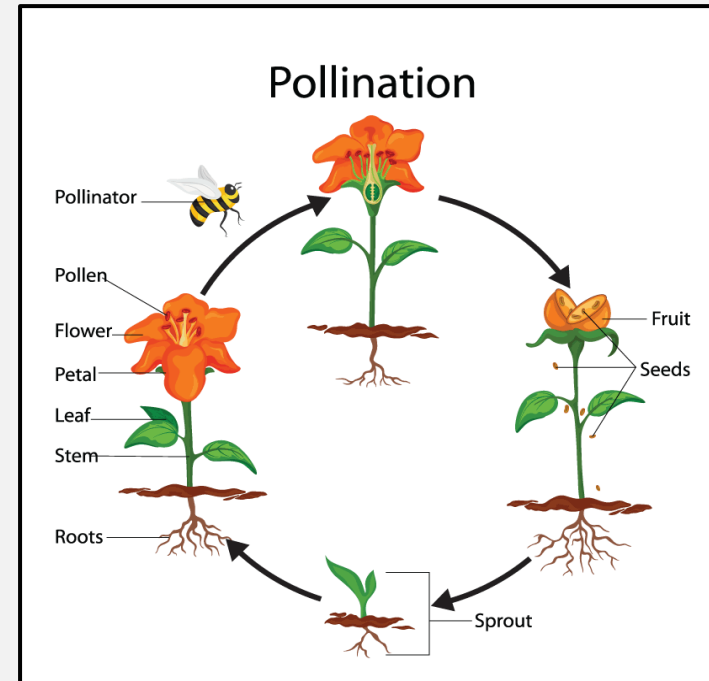

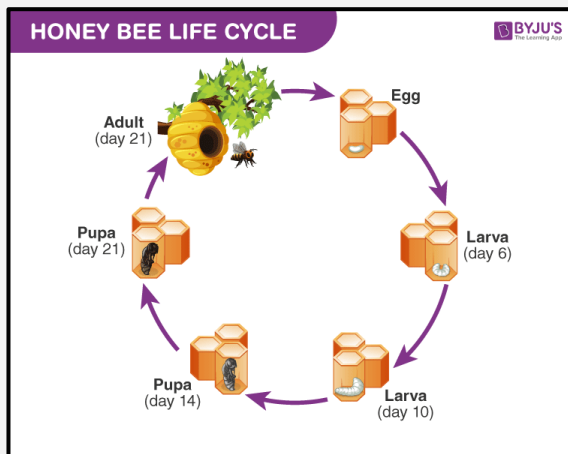

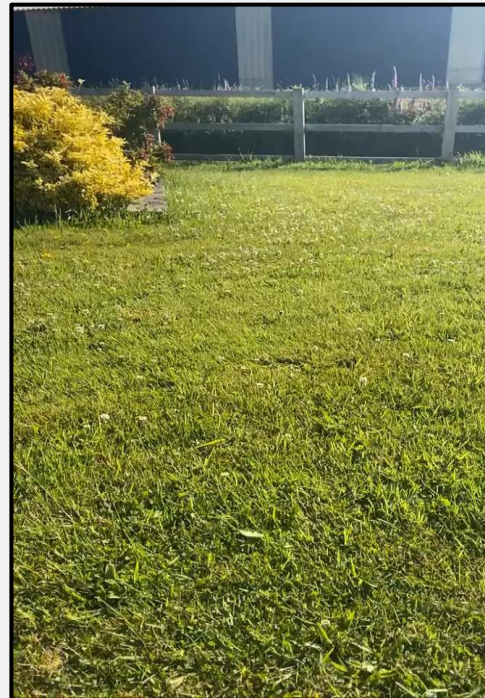

Then old mother Flipper-flopper jumped out of bed
Out of the window she cocked her head
Crying, John, John the grey goose is gone
and the fox is on the town o

Then John he went to the top of the hill
Blew his horn both loud and shrill
The fox, he said, I better flee with my kill
Or they'll soon be on my trail o

He ran till he came to his cozy den
There were the little ones, eight, nine, ten
Saying, Daddy, daddy, Better go back again
For it must be a mighty fine town o

Then the fox and his wife, without any strife
Cut up the goose with a carving knife
They never had such a supper in their life
And the little ones chewed on the bones o

BEEES

CONSERVE – WHAT WE HAVE DONE SO FAR

Plant flower for pollinators.

Leave long grass area on the lawn for bugs and insects

Researched different types of food for all the different bird species in the garden

Bird feeders using recyclable household objects.

Leave bushes and hedges as they are for birds to shelter and nest

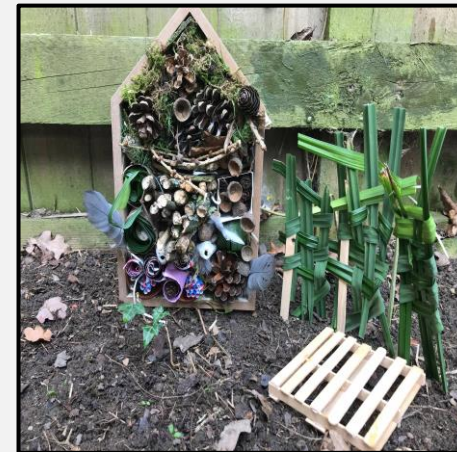

CONSERVE – WHAT ELSE WE COULD DO..

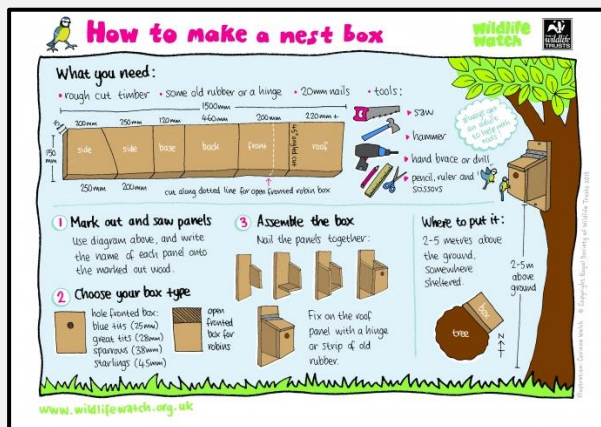

Plant wild flowers and bushes that grow berries

Create a bug hotel

Build a compost bin in the garden

Build bird house for nesting
