Integrated care system leadership and websites

The 42 integrated care systems (ICSs), created under the [Health and Care Act \(2022\)](#) (<https://www.legislation.gov.uk/ukpga/2022/31/contents/enacted>), each have an integrated care board (ICB), an NHS body responsible for developing a plan for meeting the health needs of the population, managing the NHS budget and arranging for the provision of health services in the ICS area.

Each ICB has an appointed chair and chief executive following a robust selection process, as set out in the list below. Where indicated, interim arrangements are in place until further recruitment processes conclude.

Each integrated care partnership (ICP) has elected a chair, as set out below. In some areas the ICP chair also chairs the ICB, others have a chair from a local authority and others have a shared or rotating co-chair model.

Both ICB and ICS website links are below. In some cases, one website serves for both ICB and ICS.
