Cover letter

I am writing to express my interest in the driving position at your company. With several years of experience in both delivery and vehicle transportation roles, I have developed strong driving skills, excellent customer service, and the ability to work efficiently in fast-paced environments.

During my time as a Car Valet and Delivery Driver at Enterprise Rent-A-Car, I was responsible for ensuring vehicles were cleaned to a high standard and delivered to customers safely and on time. This role required strong attention to detail, safe driving practices, and clear communication when explaining essential vehicle functions to customers.

In my current role as a Parcel Delivery Driver with Amazon, I have strengthened my ability to manage time effectively, use navigation and handheld devices while staying fully focused on the road, and provide excellent customer service. I take pride in being creative and responsible when delivering packages safely, especially when customers are not home, ensuring parcels are secure and well-placed. I always represent the company positively by maintaining a friendly and helpful attitude.

Thank you for considering my application. I would welcome the opportunity to discuss how my experience can contribute to your company.
