

Individual Project  
Module code: (ADPA6000)  
Student number: 2203840  
Task: Project proposal  
Due: 19/01/24

## Prosiect Annibynnol 2024 / Independent Project 2024

### Eich Cais / Your Proposal

**Teitl Greadigol** – Enwch eich prosiect gyda theitl greadigol  
**Creative Title** – Name your project with a creative title.

The title of my production will be Lucky?

**Pwnc:** Dyle hwn enwi yn glir eich maes pwnc a'r cwestiwn mwyaf rydych yn archwilio.  
**Subject:** This should name the subject area and the major question or provocation you wish to explore.

The main subject area's I want to explore are care leavers and depression. The provocation for this musical is people perceiving care leavers as lucky to be in care.

**Tros olwg o'ch amcanion:** Dyle hwn lefaru eich credoau a'ch amcan ar gyfer eich maes pwnc. Pwy fydd yn elwa – pwy yw'r gynulleidfa dethol?  
**Overview of aims:** This should state your beliefs and goals for your subject. Who could benefit – who is the target audience?

My goal's for this project are, to raise awareness to the unseen struggles of someone who has left care and someone struggling with depression. I believe that a person is not lucky for receiving bursaries or more funding, just because they have been in foster care. I also believe that someone who is not diagnosed with depression or open about the fact they are struggling, does not mean they are not suffering with mental illness. The production will be suitable for anyone aged 16 and over; my target audience is young adults. The audience could benefit from the musical because they will learn to be more careful about how they perceive mental illness, as well as anyone who has been in the foster care system.

**Y math o gyflwyniad** - sut rydych am wireddu eich prosiect yn greadigol? e.e. *Drama gair am air, monolog, sioe gerdd, sioe ganeuon, sioe ddyfeisiedig.*  
**Proposed Practical Presentation** - how you will you realize the project creatively? e.g. *Verbatim play, monologue, musical, song cycle, devised play.*

My Practical Presentation will be in the form of a musical.
