

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Engagement with Literature Skills		
Considering the needs of this assessment, did you carry out an adequate amount of research. From what has been presented, some elements have been carried out, but elements such as usability, accessibility have not been addressed	20	5
2. Knowledge and Understanding Skills		
Upon examination of this report, there is no real use of validator/accessibility tool/discussion and your evaluation is somewhat weak and the website that has been defined is somewhat lacking content/structure - there are tools/frameworks out there to help	20	4
3. Cognitive and Intellectual Skills		
4. Practical Application Skills		
Considering the site that has been developed, you should have considered using a framework to help you circumvent CSS i.e., bootstrap. Generally, navigation is problematic and the site is lacking relevant content/substance. Is this a case of not fully understanding the assessment brief or starting this assessment late	40	16
5. Transferable Skills for Life and Professional Practice		
Considering this is a Level 4 report, you should have paid more attention to the various lectures on the academic skills module on how to structure a report for HE, please reflect on lecture notes from this module otherwise future assignments will suffer with the same problem and more importantly your final mark for those assignments	20	11
