Important information

We want all students and their programmes to move to the new site from June 2024.

- As is normal practice when universities move, we are awaiting the official government approval to teach **international students** at this new location.
- This may mean that in the interim, we will continue to deliver some of our courses from the Oval campus
- This may mean you will be required to attend classes at either or both campus locations for a short period of time.
- We will confirm the location of your programme before the start of term. In view of this information, you may need to review your travel and accommodation requirements.
- Further updates will be communicated to you over the next few weeks.
