

The background is a dense, abstract pattern of 3D geometric shapes, primarily squares and rectangles, in various colors including shades of blue, green, purple, orange, and brown. The shapes are arranged in a way that creates a sense of depth and movement. A white rectangular border is centered on the page, framing the text.

ASSIGNMENT GUIDANCE

Introduction

400 words
approximately

Aim, focus and understanding of a critical incident

Walk us through what you aim to explore through the essay

Demonstrate your own understanding of critical incident
(theoretical understanding- use academic sources)

DEFINE clearly your understanding of critical incident

BRIEFLY describe the class you observed

WHAT HAPPENED- describe it (if you can link to theory-
wonderful!!)

LITERATURE REVIEW - 1000 words

- CRITICAL WRITING
- Jones (2018) stated that..... this is supported by Evans (2019) who also argued that.... However, due consideration must be given to..... as an alternative perspective. Davies (2018 strongly believed that.... and the evidence would suggest
- Critical incident involved which can be viewed through the framework/lens.....who supports it? Who argued for this? Is there appropriate evidence to support this view?
- Develop multiple paragraphs that synthesise a range of academic sources to build a single coherent argument.
- PEEL Paragraph. Point, Explanation, Evidence, Literature that supports this viewpoint

Case Study- 800 words

Describe an individual learner

OR

Group of Learners

Describe event and link to literature

Teaching and Learning Methods- 800 words

Your solution

Given the critical
incident that you have
observed reflect on
the teaching and
learning methods you
would adopt.

Give an academic
justification for the
method

What does the
research tell us about
this method, what are
the strengths and
weaknesses or key
considerations

Clear rationale

DISCUSSION - 600 words

- What does all of this mean for your own pedagogical choices and philosophy of education?
- What does this mean for key considerations for your own classroom in your first placement and moving forward?
- How is your practice linked to literature?
- What does research tell us about excellent teaching and learning in the classroom and how has the critical incident informed your own pedagogical choices?

Conclusion and Recommendations - 400 words

- Would the teaching and learning methods be impactful and HOW do you know?
- How has the critical incident methodology impacted your understanding of learning theories and child development?
- What are the professional standards that may be covered by your own pedagogical choices?
- Discuss how you are going to take this forward to teaching practice – key elements
