Employability skills for Graphic Design

- Communication.
- Creativity.
- Innovation.
- Strategy
- Problem solving
- Time manegment

The employability skill which I have are:

- Problem solving
- Communication
- Creativity

The employability skill which I don't have are:

- Innovation.
- Strategy
- Time management

Creativity

- I'm someone who have the ability to think about a task or a problem in a new or different way, or the ability to use the imagination to generate new ideas.

Problem solving

- I'm good to solve problems at my workplace and family.
- For example: If something happened at my workplace some kind of problems I'm able to communicate with both of the persons and solve the problem between them.

Communication

- I'm able to communicate with different types of people I can easily adapt to different communications and situation. I'm able to listen different people and their opinion.

Innovation

- I'm not forward-thinking s who can use imagination to envision better ways to accomplish tasks. Having strong imagination skills gives you the ability to predict the outcome of your ideas and consider creative ways to achieve your goals.

Strategy

I'm not someone who have strategy for
the future.

Time management

- I'm no someone who have good management skills.
- I'm no someone who can self-discipline himself.
