CRITERION 1 (35%)

Overall quality, including usability and relevance (practicality) of the implemented Web application

The booking form doesn't take into consideration the no. of adults and/or children. Admin login is not implemented. At present the administrator has to directly open the database and make updates.

15

CRITERION 2 (10%)

Data Display and interactive queries

Text content is very minimal.

5

CRITERION 3 (35%)

Implementation of an appropriate and properly normalised database, CRUD Operations

Database not implemented to the fullest. During demo destination table was in database and the hotels for destination were displayed when the link Africa was clicked, but the submitted database is missing the destination table.
