Helping others is an exchange of experiences and knowledge.

My Short Reflection

- I use digital tools in my daily life to communicate with my family, search information, and watch movies.
- WhatsApp is one of the tools I most to stay in touch with my family.
- I feel confident using these tools since they are the ones I rely every day.
- I want to improve my proficiency with Word and Excel.
- I feel nervous when I have to use Word.
- I hope this module helps me feel more confident using it.
- Digital skills are important to me because I want to expand my knowledge.
