Comments: This work displays a good understanding of underlying concepts related to the essay topic, & it places a perceptive grasp of problems and criticisms. That said, sometimes your discussions veer away from the specifics of the question; try to 'signpost' by drawing on the wording of the essay @ & then be careful to always relate back to the essay's content. In places, closer attention to the presentation would be beneficial. But, overall, the strengths of this essay outweigh its weaknesses.
