

STUDENT FEEDBACK FORM

Luke Evans

This section details the *extent* to which the assessment criteria are demonstrated by you, which in turn determines your mark. The marks available for each category of skill are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Generic Assessment Criteria	Marks available	Marks awarded
1. Engagement with Literature Skills		
Presentation of a report appraising the use of application software in the development of EUIS Suitable introduction and justification of your use of software has been presented - though you could have drawn upon results in the first assignment and reflected on the design criteria presented in your prototype	20	14
2. Knowledge and Understanding Skills		
Demonstrate knowledge of the design principles used, when building a system using MS-Office and VBA that will perform the procedures to analyse data sets Although in your report you do briefly discuss the design requirements you have not looked at the use of VBA or discussed enhancements in terms of EU requirements	20	6
3. Cognitive and Intellectual Skills		
Good interpretation of EUD requirements You have not analysed the brief and interpreted the system requirements. At this level the system that you have presented, in MS-Access is far too basic. You do not look at the requirement eg appointments printing of invoice - You have not tested your system or provided any additional features	30	4

4. Practical Application Skills		
Facilities should be incorporated into the system that will automate the user activities. The success of the system build will be measured against the user requirements. no additional features add to the system to enhance usability eg mailmerge from the customer table.	20	2
5. Transferable Skills for Life and Professional Practice		
All work suitable presented and referenced Very brief report you have no system to talk about	10	2
