

Project Proposal – Research Methods (OME)

Student Jennifer Mungham

Grade 76%

Intro / A&O		
Project title; Identification of a specific problem to be investigated; Well-defined aims and SMART objectives; Explaining why this project is worth doing; Discussion of what the project needs to do in order to be a success; Description any deliverables that will be produced at the end of the project <i>Good scene-setting in the introduction. Good aim & objectives.</i>	20	14
Literature Review		
Description of how the work to be done by in the project relates to the work identified in the literature review; Discussion of any ethical issues raised by the project Identifying what has already been done within the field; Topic familiarity; Literature review using appropriate sources - journal papers and book chapters rather than just websites; Selection of relevant models & concepts <i>Excellent explanation of the underlying theory, but would like more references on the basic science. Remember to refer figures and tables unless you've created them yourself. Need to explain (and ref) the DAX method.</i>	25	19
Analysis Methodology		
Clear statement of which development methods are to be used and why they are appropriate; Clear statement of which tools are to be used and why they are appropriate; Clear description of how data collected will be analysed <i>Excellent description of the test methods with good consideration of the requirements for multiple runs. Good identification of risks, limitations & ethical issues but you should say how you're going to get around them.</i>	25	19
Resources / Planning		
List of any deliverables; Clear diagram showing both timing and resource use; Completed ethics form; Limited and relevant appendices <i>Excellent identification of resource requirements. Good planning diagram.</i>	15	12
Document Presentation		
Correct spelling, grammar and punctuation; Flow of narrative/fluency; Coherence; Word processed ; Correct use of referencing with bibliography; Strict word limit <i>Excellent use of equations. A good professional report.</i>	15	12
TOTAL	100	76
