**CLEANING AND TIDYING UP
YOUR SURROUNDINGS**

Is not hard to clean

Cleaning and tidy up is very important to me, when I was growing up I all way hear the saying that cleanliness is Godlessness, so I take very much pride and plaguer in tidying up.

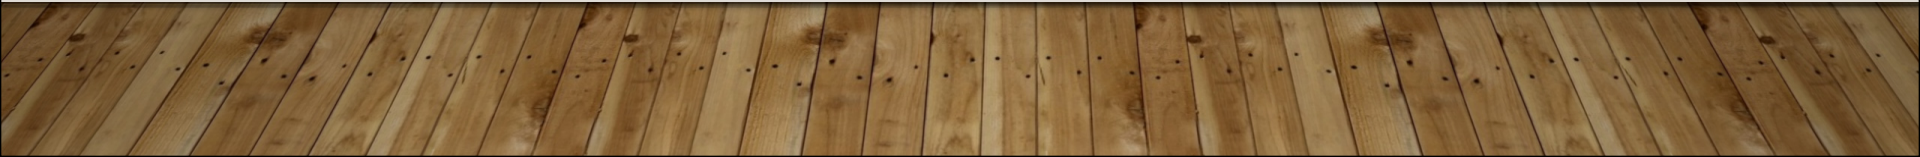

Tidying up

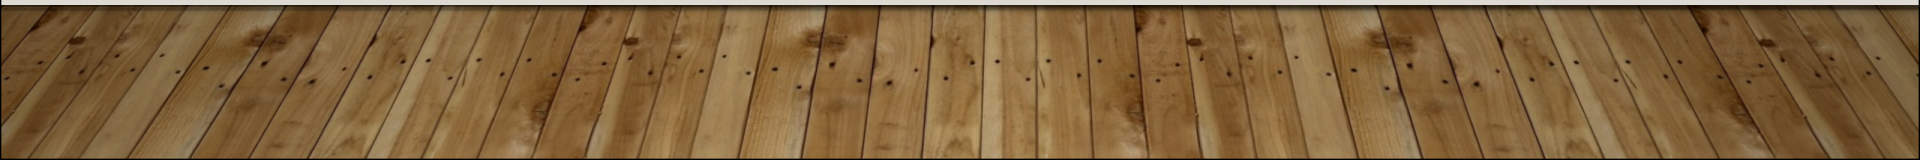

Cleaning takes time but you can clean as you go, it's good to keep your rubbish in a container with you can put in the bin, gives you more time to do other things.

- *Remember don't feel the kitchen for too long, tidying up after very meal.*

Cleaning and tidying up can be very stressful to others sometimes, but no matter what we still have to tidying up your surroundings. Cleaning and tidying up can be hard when someone is trying to clean up and someone else is, ether missing about are ignoring what you are doing.

So my friends get
involved assisted with
with cleaning and tidying
up, in your school, home
and your surroundings.
This will make your
planet better.

**Thanks
