Looking for a dreamy 80's style synth top line. Mixed with a modern house beat and a driving/pulsing bass-line. The track needs to be instrumental, up to 2 minutes and include a breakdown.

Music must be high quality, mixed and mastered.

All music will be listened to reviewed and feedback given.

Selected tracks will be licensed on a non exclusive basis.

Clients are professional video production companies and advertising agencies that make high quality on-line video content. Including JD Sports, The North Face, Asics, Addidas, Pringles to name a few!

Any questions feel free to ask and look forward to working with you :)

All the best,

Giles

I decided to experiment a bit with some slight detuning of the main synth to give a more authentic top-line.
