

ONLINE DIGITAL SAFETY

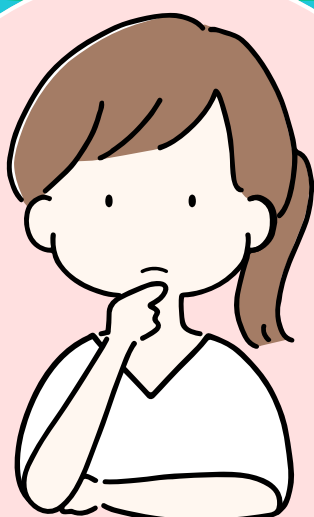

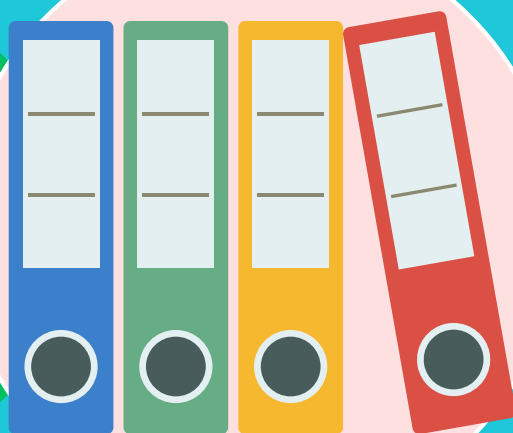

PROTECT YOUR DATA

Protect your information with strong passwords. Do not reveal your passwords to anybody.

PRIVATISE YOUR INFORMATION

Keep your Personal information Private. Do not easily trust anybody with your personal data.

THINK TWICE BEFORE YOU DOWNLOAD

Dont Download unknown files, they can contain Virus. Be sure it is from a trusted website.

PROTECT YOUR DEVICES

Install anti-virus software with automatic updates. This will keep you safe online.

STAYING SAFE ONLINE

Practice safe browsing online, and be careful who you meet online. People you meet online are not always who they claim to be.

BE SURE! BE SAFE! BE SMART!
