

## ONLINE TEAMS General Sessions & Recording Sessions

For the next two weeks **W/C 15<sup>th</sup> November & W/C 22<sup>nd</sup> of November** your Counselling Skills and Approaches sessions will be **Online** due to the recordings of your practical skills.

You will be able to record your practical skills session **twice** so that you can choose the best one out of two for your Reflective Commentary.

The following is a schedule of your recording times and groups for both weeks. Each Group will have their own secure TEAMS Channel on the Counselling Skills and Approaches TEAMS page. When your group is not in your designated recording time you may practice skills within your Microsoft TEAMS channel or work on your Reflective Commentary Assessment or Placement Presentation.
