

Online Harm

How safe are children during the pandemic?

"Victims' internet access influences their exposure to crime"

"Offenders use of technology amplifies the threat and harm"

(Global Alliance, 2019)

Impact of COVID

ONLINE LEARNING

INTERNET USE UP 50%

***Increased children's exposure to
online risks.***

(UNICEF, 2020)

(Calgary North Hill,
2009)

What are the dangers?

(Staufenberg, 2020)

(Anti Bullying Alliance, 2020)

(The Christian Institute, 2021)

(LBC Metropolitan Police, 2020)

How Big is the Problem?

“Exposure to risk of online sexual harm is a common experience” (IICSA, 2019)

60% of 8-12year olds online are exposed to cyber risks today! (DQ Institute, 2020)

“This is a universal crisis, for some children, the impact will be lifelong.” (UNICEF, 2020)

Growing digitalization magnifies children’s vulnerability to harm. (United Nations, 2020)

INTERNET SAFETY

Monitor them. Educate them. Keep them safe.

(hcupress, 2020)

“Schools have a vital role to play in tackling online sexual harm.” (IICSA, 2020)
