

My name is Muhammad Taj Ullah, aged 45, I was born in 1975. I was born in Bangladesh, came to the UK when I was 3 years old with my parents and 2 siblings. I live in Birmingham. I went to Anglesey primary school and Aston Manor secondary school, I did my GCSE and passed with good grades, I did not want to go to college. I am married and have two daughters, aged 17 and 16. My oldest daughter has a baking business and my youngest has recently started a business in eyelashes. My wife is 38 years old and is currently unemployed, taking care of my mother. I have recently renovated my house with extension to the rear back garden and front garden, also converted my

garage to bedroom and a bathroom for my mother who is 81 and has recently had a stroke which has affected her mobility. My father passed away 2 years ago. I have 4 brothers, two older than me and two younger. All my brothers are married with children and are successful in their own capacity. During lockdown it has been hard for me not being able to see my family and friends as I usually see them regularly. I love travelling with my friends and family, I have travelled to many countries, Denmark, Spain, France, Bangladesh, Saudi Arabia, Dubai, Greece, Sweden, Turkey, India, Morocco, Italy, and many more. I like swimming and playing snooker, tennis, and going to the gym.

I started working at the age of 17, my first job was at IPCI, a charity. I have been working in sales and retail for the last 25 years and recently moved into warehousing. I have worked myself from sales assistant to management, I am currently working for myself from home, selling items on ecommerce websites. I part own a hotel in Dhaka/Bangladesh. The reason why I am doing this course is to improve my management skills in the hotel industry. I have other business interests, stocks and shares, mainly invested in Bangladesh.

In the future, I plan to go into hotel management, a 5-star prestigious hotel, in a foreign country, because I do not like the cold weather in the UK. I would like to retire at the age of 65 and spend more quality time with my family. I plan to go to other countries around the world, especially USA, Asia and the far east.
