My Short Reflection

- I use Digital tools for my everyday Life to Communicate to my friends and love Ones .
- To complete my whole journey from Transport till to my University.
- I feel confident when I using my phone for my day to day Digital Life.
- I want to improve analyzing questions and following procedures properly, not to do short cuts.
- I often use Excels, Powerpoints , Words and I'm willing to learn .
- I sometimes feel nervous about when trying to use those tools that I often used it.
- I hope this Module will help me to Build my confidence again.
- Digital Skills are important for me because in my everyday Life I used Digital tools to survive & complete my daily needs .
