41.1

The marks are based on the output of the show commands that you submitted via Moodle. The mark given for each section indicates the extent to which you achieved the task, with a 0 meaning no evidence of the task being done and the maximum mark meaning you did well. Most of configurations not done and in some devices the Show RUN output is not complete.

Quite a number of Subnet Masks not calculated

IP default gateway is not configured, and IP addresses are incorrect.

Not Signed for

I can't see your work because the full run file wasn't copied.
