

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
General Comments		
Overall a good report thst is let down by attention to detail. More depth in the IP and testing sections with more research in academic papers would have enhanced your discusssions. There is also some errors in your practical work that could have ben overcome.	100	66
1. Engagement with Literature Skills		
You have researched the topics , listing many sources of information in your bibliography which you have referenced in your document. However more referencing of academic papers would have broadened your research	20	12
2. Knowledge and Understanding Skills		
A clear explanation of the types of hypervisor with advantages and disadvantages, you have also made a choice of software and justified it with alos a list of alternative software being provided. IP adresssing is thoughbasic with no more than an explanantion but with no information on how data is moved over the network or the role of differetn devices. Testing is again clear but basic with more detail being helpful.	15	10
3. Cognitive and Intellectual Skills		
You have explained in some depth hypervisors and given clear reasons for your choice of both a type 1 and the softwasre you choose.	15	10
4. Practical Application Skills		
You have set up your network with all devices. However not all default gateway settings are correct and you have also not named the network cards or shown naming of all machines. Ping has not been poerformed on all devices (servers)	40	28
5. Transferable Skills for Life and Professional Practice		
You have produced a clear report that includes all section requested. Some small errors such as leaving the sub-titel on the cover sheet are also included though.	10	6
