File name: 41754_Trace_Albaladejo_Visual_Studies_-_Portfolio_470771_805834092.pptx (10.91M)

Word count: 43

Character count: 263

A dark, moody image of a rose, likely a white or light-colored rose, set against a black background. The rose is the central focus, with its petals clearly visible despite the low light. Overlaid on the image is white text.

GENERAL COMMENTS

Instructor

- Some good work here Trace, well done. I would have liked to have seen some more of the traditional 2D art and photobashing/compositing though as you have a minimum provision of the work present. I would have liked to have seen drawings done from more perspective points also.

Some good research/moodboarding that feeds into the 3D sculpt experiment. Visually it is an appealing model but I can see that it has a lot of technical/geometrical issues. These aren't usually problem and can be resolved with some diligent bugfixing in future.

Your anatomy work shows promise, keep practicing using the guides and you'll see an improvement every time you draw using them.
