Pizza Hut

Dear Hiring Manager,

I am writing to express my strong interest in the Restaurant Manager position in Birmingham. With extensive hands-on experience as the owner and three successful pizza businesses, I bring over a decade of operational leadership, financial management and team development experience within the food industry.

As a previous owner of Caspian Pizza from 2001-2014, I was responsible for every aspect of running the business. This included full P&L accountability, budgeting, stock control, supplier negotiation, payroll management and ensuring compliance with food hygiene and health and safety regulations. I successfully led recruitment, training and performance management of staff, building motivated teams capable of delivering high service standards in fast paced environments. Delivering sales growth and profitability was a core part of my role. I monitored daily and weekly performance, managed labour costs, reduced waste and implemented operational improvements to increase efficiency. I also handled customer relations directly, resolving issues professionally and building strong community loyalty, which was essential to maintaining repeat business and a positive local reputation.

Currently studying an undergraduate degree in Business Studies, I am further strengthening my knowledge in strategic management, leadership and commercial performance. I combine practical, hands-on operational experience with formal business education, allowing me to lead both from the front and from a strategic point of view. I am confident in my ability to manage high volume operations, deliver strong financial results and create a positive performance driven culture within the restaurant team. I would welcome the opportunity to bring my leadership skills, commercial awareness and passion for hospitality to your organisation.

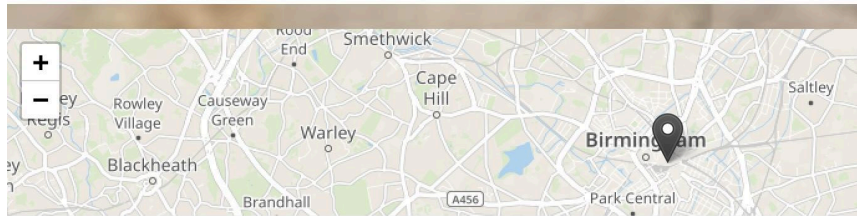

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your continued success.

Sincerely,

Mohammed Aman
