

Understanding your digital strengths

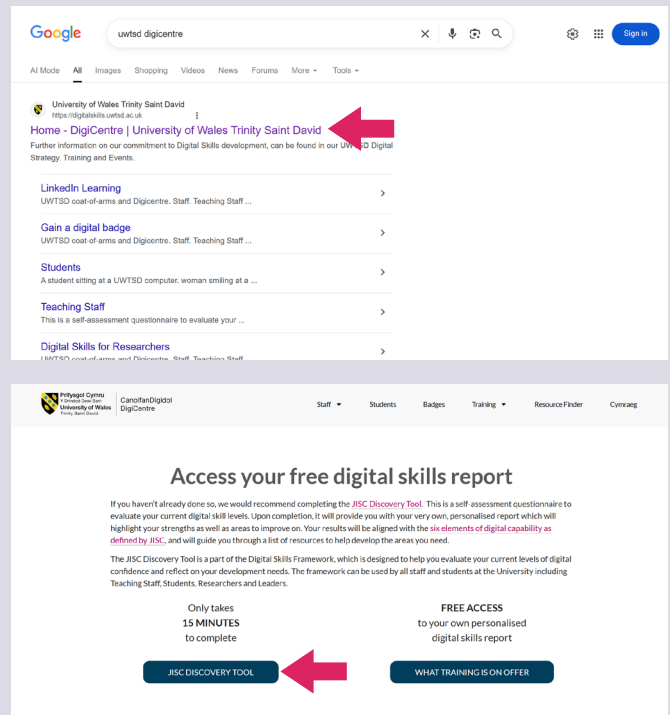

This activity helps you discover the digital skills you already have and the skills you want to develop. It is **not a test** – there are **no marks** and **no wrong answers**.

How to complete the Jisc Discovery Tool

Step 1: Open the Jisc Discovery Tool

You can use your phone, laptop, or a university computer.

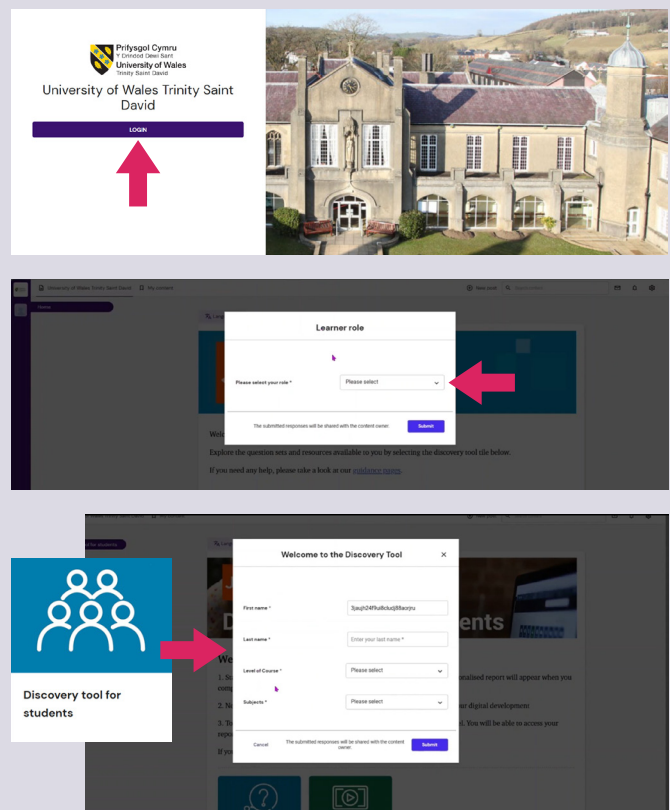

1. On Google search for: **UWTSD DigiCentre**.
2. Open the search result that comes from UWTSD.
3. On the DigiCentre, scroll down until you find the section with the title **Access your free digital skills report**.
4. Select the button that says **Jisc Discovery Tool**.

Step 2: Log in and account setup

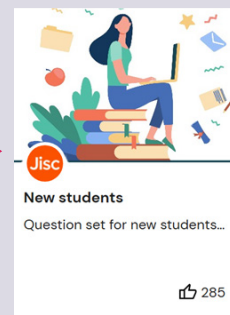

1. Select the **Login** button.
2. You may need to sign in with your UWTSD email and password.
3. You will be asked to confirm your Learner role: select **Student** from the drop-down list.
4. Select **Discovery tool for students**.
5. You will be asked to provide your name and some information about you and your course.

If you have trouble logging in and setting up your account, please raise your hand – your tutor will help.

Step 3: Choose the right survey

1. Now select **Question sets and reports for students**.
2. Choose the **New students** survey.

Step 4: Answer the questions

Select **Start questionnaire** to begin.

You will see simple questions about everyday digital activities. Choose the option that feels **most true for you**.

- Go slowly.
- Read each question careful.
- You don't have to be an expert.

Some questions may feel new – that's normal!

Are you preparing to start your course/just starting your course? Begin your digital discovery here.

By completing these questions you'll be encouraged to reflect on your confidence and skills across a range of digital capabilities that are useful to help you live, learn and work in a digital society.

At the end you will receive a personal report focusing on 7 areas of digital capability that will help you to identify your strengths as well as opportunities for further development. You'll find out how you've scored and what you could try next. You'll also be guided to a number of resources that you should find helpful.

Your report is completely confidential to you - only you can choose who you share this with.

Step 5: Save your results

At the end, you will see your results and a link.

1. Select **View report**.
2. Then select the PDF symbol on the top right to save your report.
3. Take a minute to read the basics of your report. You don't have to read every word.

You will use this in **Week 1 reflection** and again **at the end of the module**.
