Comments:

This essay makes reference to a range of source materials, including a number of Plato's works, and it doing so goes beyond the reading required for this essay question. You demonstrate an excellent understanding of the scholarship, presenting an engaged and informed critical discussion of relevant ideas & arguments. Your writing style achieves excellent clarity, allowing the reader to focus on content, with very few errors. On p.4, your discussion could be a little more structured by introducing the form of the good a bit earlier & then relating to dialectic & mathematical reasoning. But, overall, the strengths of the essay outweigh the weaknesses.
