

The background is a vibrant collage of abstract shapes and patterns. It includes a large teal shape with white wavy lines, a red shape with a black dot pattern, a yellow shape with a black dot pattern, and a yellow shape with a black cross pattern. There are also several small black squiggly lines scattered throughout.

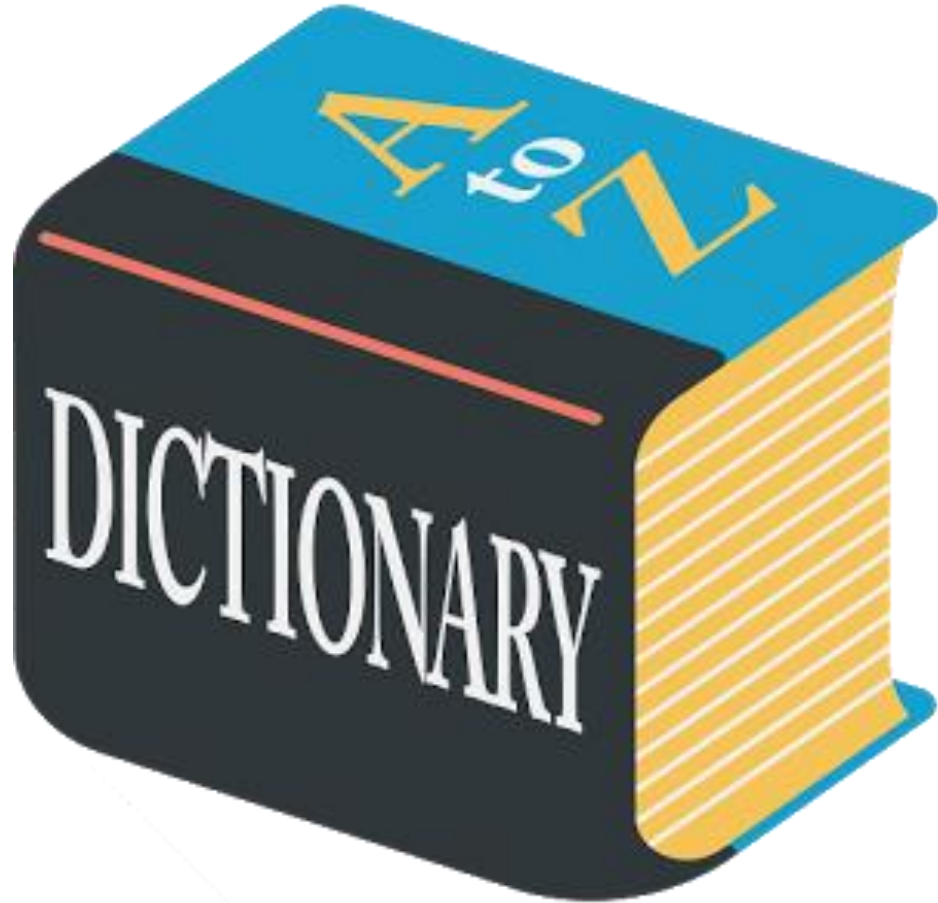

PLAGIARISM

WHAT IS PLAGIARISM?

Plagiarism is an act of presenting someone's work as your own

Definition of Plagiarism

Plagiarism is defined as "to take and use as one's own thoughts, works, or inventions of another" by the Oxford English Dictionary. The wrongful appropriation or purloining and publication as one's own of the ideas, or the expression of the ideas (literacy, artistic, musical, mechanical, etc.), of another, is how it defines plagiarism. What makes Plagiarism wrong?

Plagiarism involves passing off someone else's words and ideas as your own, plagiarism is a form of theft. It is therefore academically dishonest and could have serious consequences. Plagiarism hinders learning even more because it typically results in subpar writing and hides the sources of your ideas. Even if you were able to get away with it, plagiarism affects your own learning. (2022 Towell)
