THE QUESTIONNAIRE

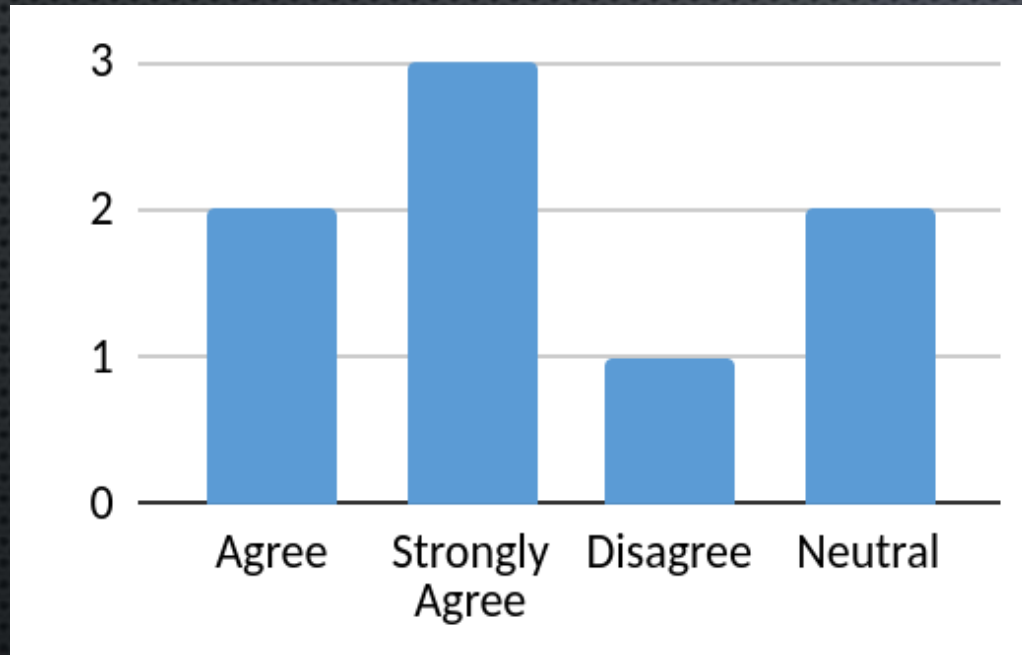

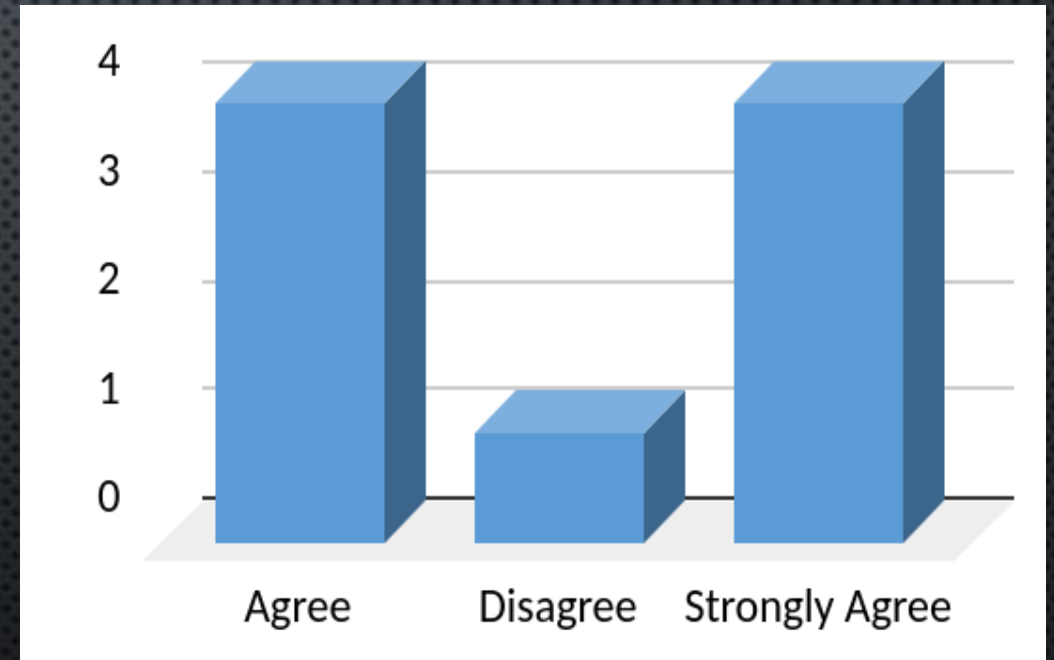

WHICH DIGITAL TOOL IS MOST COMMONLY USED TO COLLABORATE AT UWTSD?

Which digital tool is mostly used to collaborate at UWTSD?

I use MS Teams most frequently to collaborate with others at UWTSD = 5 out of 9 users

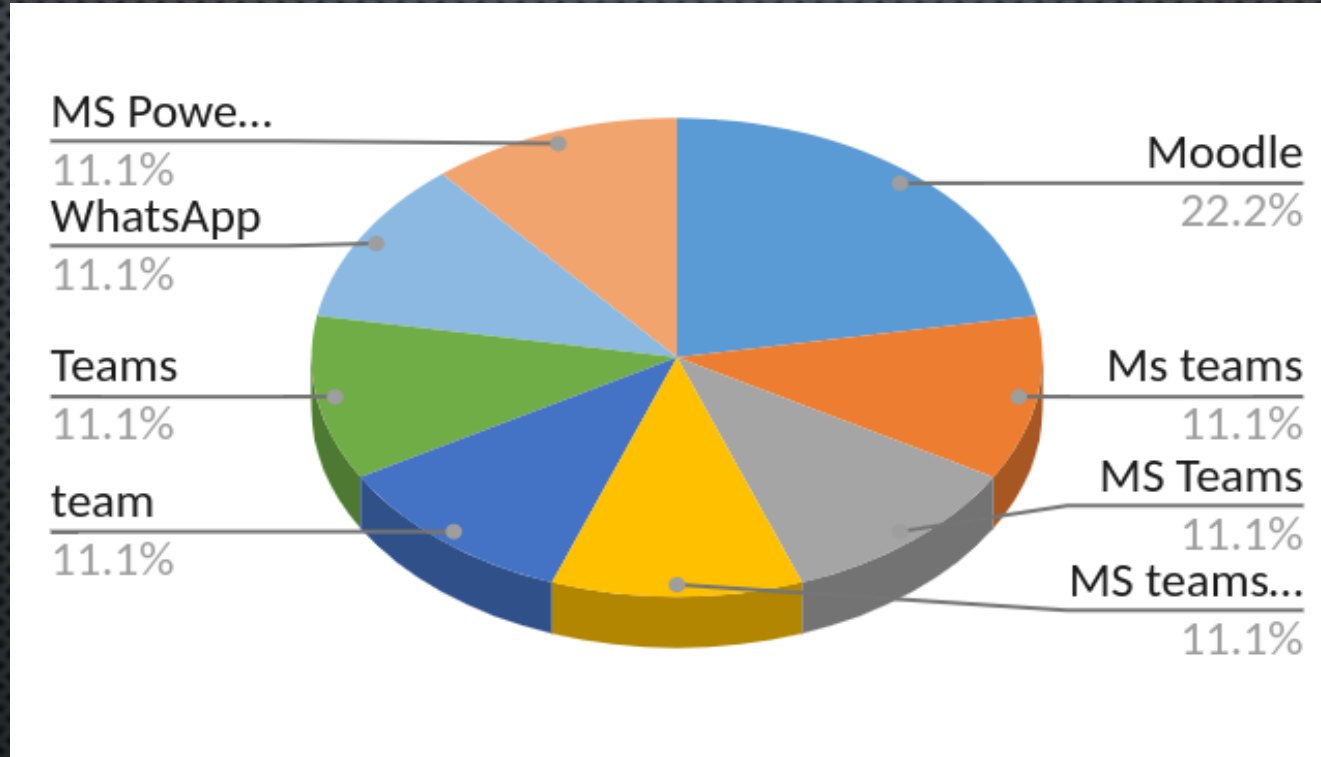

I use a range of digital tools to collaborate with others at UWTSD = 8 out of 9 users

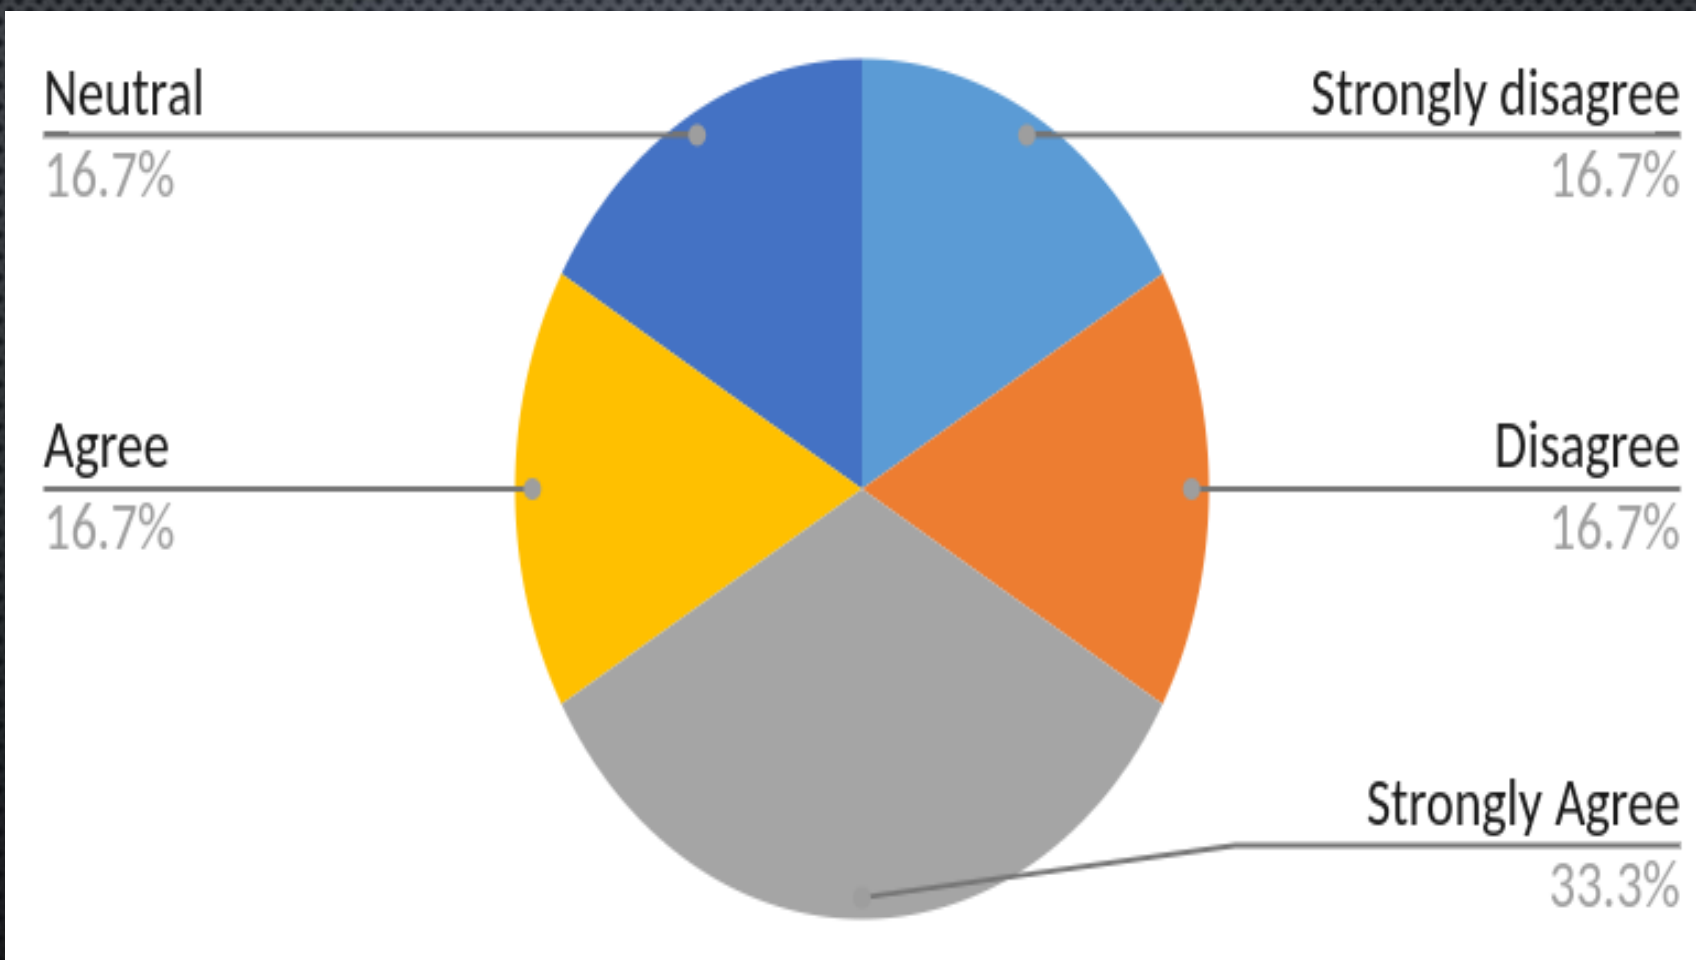

A range of digital tools are frequently used to collaborate at UWTSD

The question asked was: Name your favourite digital tool used to collaborate at UWTSD

Due to the way that the responses were given, it is calculated that Moodle is measured as the favourite digital tool to use. But on closer inspection, the actual favourite is MS Teams with 5 out of 9 users claiming it as their favourite digital tool, and 3 out of 9 claiming their favourite to be Moodle.

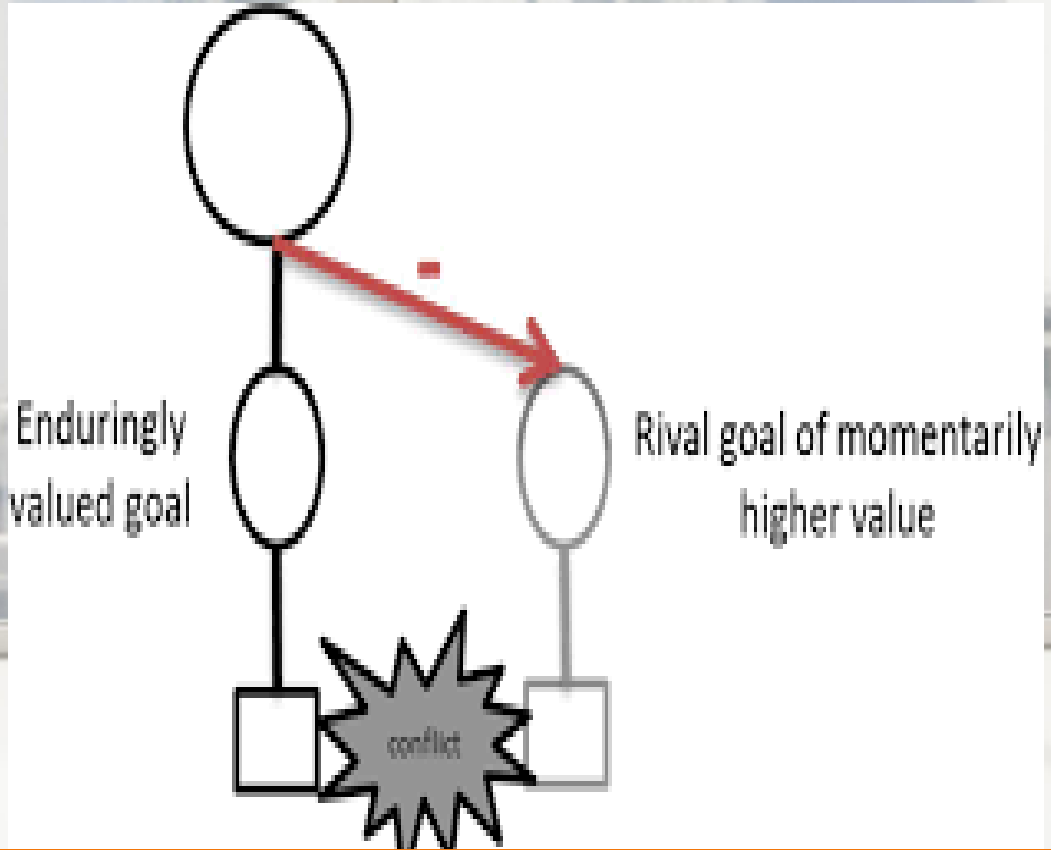

3 out of 6 users stated they most frequently use WhatsApp to collaborate with others at UWTSD
