ASSESSMENT

Assessment component 1

Coursework

Essay or report format (4,000 words or equivalent)

75%

Within this module, the assessment requires the student to identify and agree a specific organisational context in which they can demonstrate the importance of understanding workplace culture and context in order to improve one's ability to function within the organisational norms. The specific organisational context should be sufficiently complex so as to allow the student to demonstrate an evaluation of the agreed scenario.

Exemplar: Student working in health care

Using your experience within the private care home sector for the elderly, demonstrate that you have developed an understanding of the culture and context of this organisation. You should evaluate the care home within its broader environment using appropriate environmental and organisational analysis techniques. Examine the implications of the policies, procedures and legal requirements that are relevant to your area of work. Evaluate the cultural and ethical behaviour present in the organisation. You should also demonstrate your understanding of your own ability to function within organisational culture and ethical norms.

Assessment Component 2: 25%

An individual 10 minute presentation on the topic of Workplace Culture and its impact on organisational efficiency. Evidence will include a PowerPoint presentation.
