

Platforms	Link	How it is used
Jamboard	https://jamboard.google.com/	A shared collaboration space similar to a whiteboard
Padlet	https://en-gb.padlet.com/	Allows submission of text and media to a shared noticeboard
O365/Sharepoint	Various (word, excel etc)	Office 365 allows you to collaborate and contribute to the same documents.
One note	https://www.onenote.com/hrd	Can use a class notebook/collaboration space
MS Teams	https://www.microsoft.com/en-gb/microsoft-teams/log-in	Lots of functionality for collaboration – meetings, workspaces etc
Nearpod	https://nearpod.com/	Used to present work but can have collaboration boards as part of a lot of functionality
Google docs	https://docs.google.com/	Works in a similar way to the office suite but using Google Docs
Trello	https://trello.com/en	Similar to Padlet though more rigidly structured. Also useful for project planning
Minecraft Education edition	https://education.minecraft.net/	Allows collaboration and creativity in a 3-D environment. Free with your UWTSD email
Mentimeter	https://www.mentimeter.com/	Allows some submission from students
Mural	https://app.mural.co/	allows teams to collaborate on ideas
Wakelet	https://wakelet.com/	Allows the creation of a collaborative “collection” – these can be anything from projects to reading lists or plans
