objectives	What do I need to learn	What will I do to achieve this	What resources and support do I need	What success would this bring me
- Complete my health and social care degree. - Pursue a career in nursing	- Revise outside of lessons - Modules for my classes - How to think and behave like one by analyzing their work and duties	- gather information I need to pass the course. - I need to priorities my time] - Separate social life from academic life - I need to be able to find experience - A degree in health sector	- I need to be confident enough in the support I have around me and that's available. - Taking advantage of free information I have access to e.g. uni library - support from my degree and experience	- A degree which will open doors for me in the future. - A career in my desired sector.

Why I need these skills

- Caring judgement – important for patients to feel comfortable
- Communication – friendly approach
- Advising - vital as a nurse
- Managing – knowing how to take responsibility
- Teaching – how to be better
- Listening /Counselling listen better = care better
