

Performance Against 4 Hour Waiting Times Target By Hospital

In this table below it is going to be showing you the information about the performance against four hour waiting times. The table below gives you the information that was gained from hospitals and their size and attendances. This gives you a good insight on why their number of patients are higher in certain times for treating patients.

Major:

When choosing a hospital it can depend on what type of injury you have gotten. If the injury is minor but still needs to be looked at I would go to a minor hospital. Because in the graph it shows me that minor hospitals have lower waiting times.

Minor:

AUGUST 2019	Size	Hospital	Attendances	Under 4 hours	Under 8 hours	Under 12 hours
Hywell Dda University Health Board	Major	Bronglais General Hospital	2,913	2,503	2774	2844
	Major	Glangwili General Hospital	4,065	3,082	3597	3792
	Major	Withybush General Hospital	4,031	2,965	3421	3588
	Minor	Prince Philip Hospital	2,787	2,626	2766	2779
	Minor	Hywel Dda LHB MIUs	936	932	936	936
Swansea Bay University LHB	Major	Morriston Hospital	7,310	4,656	5850	6570
	Minor	Neath Port Talbot Hospital	3,484	3,359	3483	3484
Cwm Taf Morgannwg LHB	Major	Prince Charles Hospital	5,151	3,678	4585	4864
	Major	The Royal Glamorgan Hospital	5,064	4,420	4934	5016
	Major	Princess of Wales Hospital	4,981	3,104	4208	4546
	Minor	Cwm Taf LHB MIUs	906	905	906	906
Cardiff and Vale University Health Board	Major	University Hospital of Wales	11,319	9,350	10549	11258
