Royal Society of Chemistry

09 October 2019 21:52

The Royal Society of Chemistry is offering **FREE access to our [online CPD courses](#)** for all secondary trainee teachers in the 2019/2020 academic year. This is a total £350 discount per person!

Nine courses are available, designed to support an in-depth understanding of key concepts and misconceptions in teaching chemistry. Each course can be completed at the student's own pace, giving them time to try out new strategies and activities before progressing further.

For any of our [Developing expertise in chemistry teaching chemistry](#) courses with an online option (direct links below), please enter the code **CPDITT19** at checkout to get a 100% discount between now and 31st Jul 2020. Each student will have one year of access from the date they subscribe to each individual course.

**Put them ALL in your basket and use the code at checkout.
Dip into them when you meet the topic in your teaching practice.**
