DS1 My Digital Life -
LCLM4002 A1P1

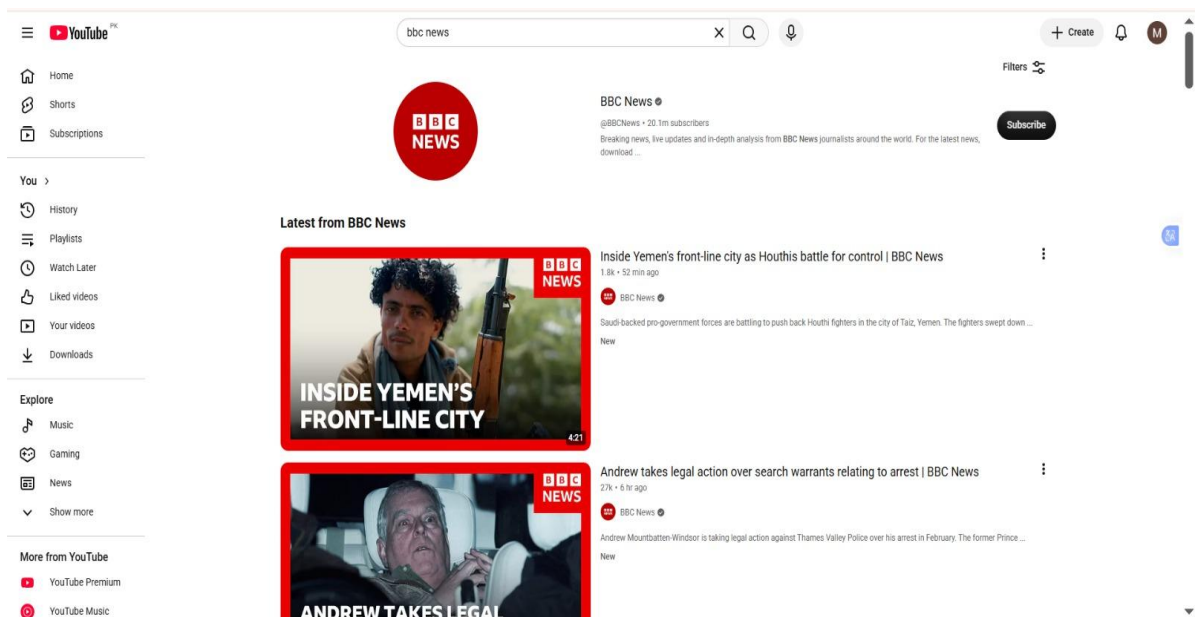

Slack

- I use Slack to communicate with my colleagues and send work-related messages.
- I use Slack to share files, discuss tasks, and stay updated with my team.
- I use Slack to join meetings and quickly communicate with my team about important updates.

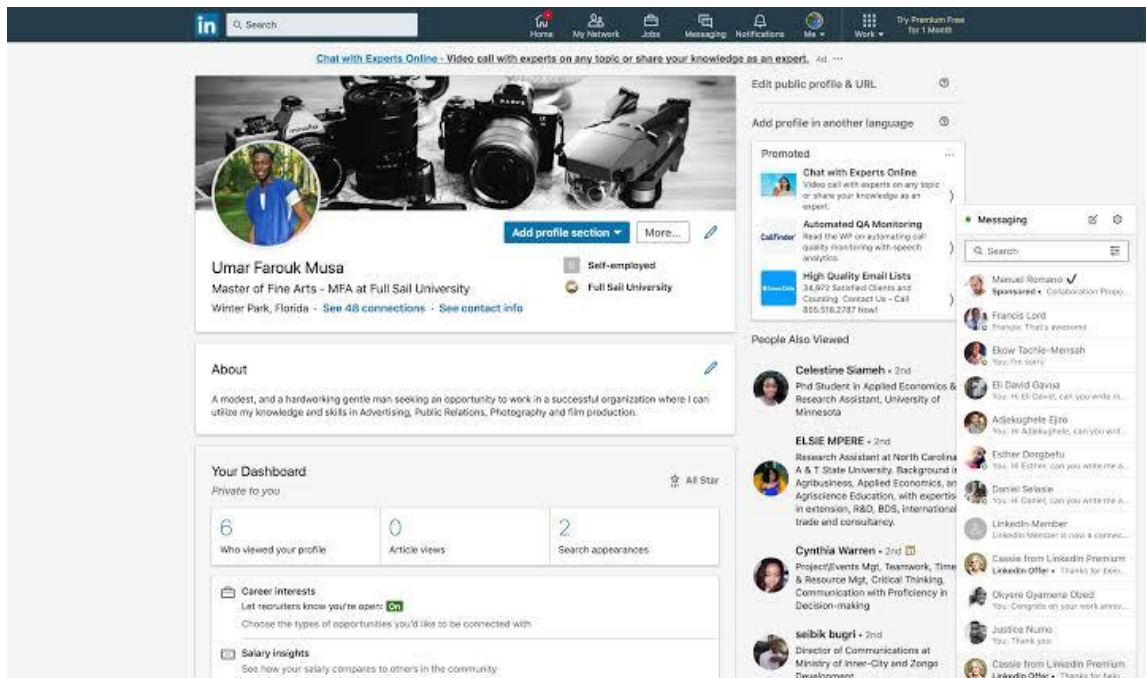

Youtube

- I use YouTube to watch educational videos and learn new skills.
- I use YouTube to watch tutorials that help me with my studies and assignments.
- I use YouTube for entertainment, such as watching music, videos, and other content.

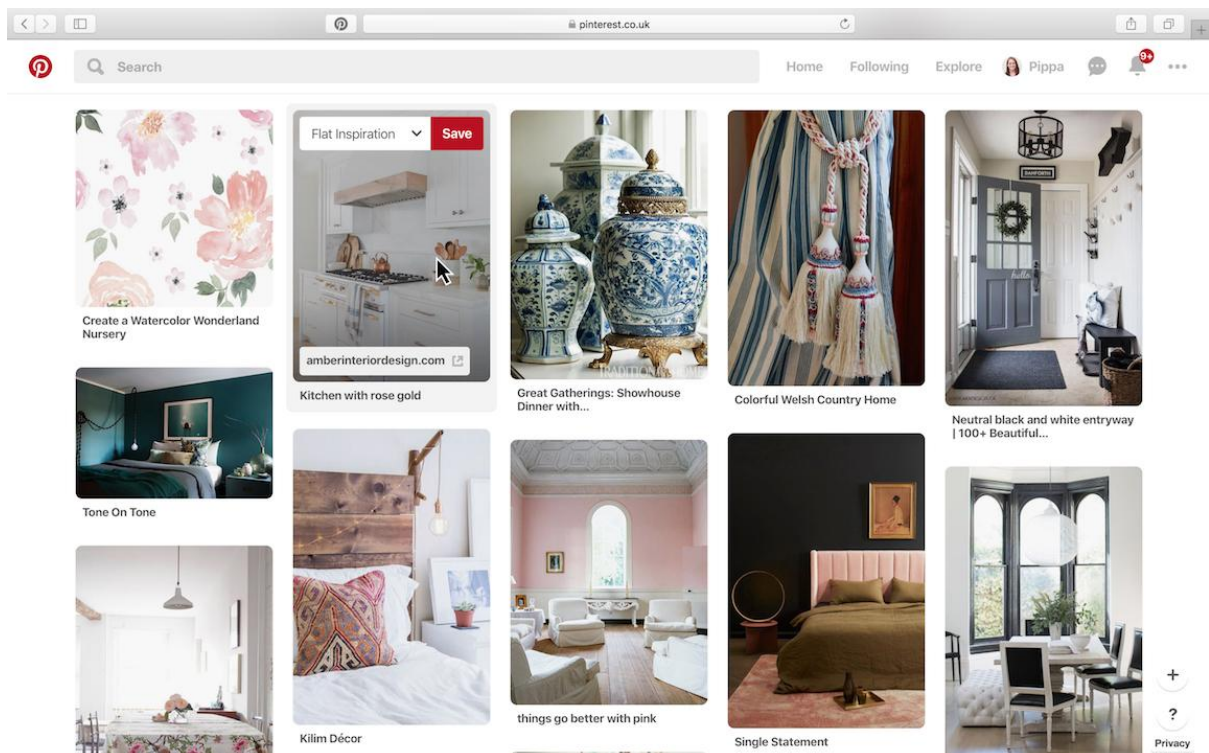

Linkedin

- I use LinkedIn to connect with professionals and grow my network.
- I use LinkedIn to search for jobs and career opportunities.
- I use LinkedIn to learn about companies, industries, and professional skills.

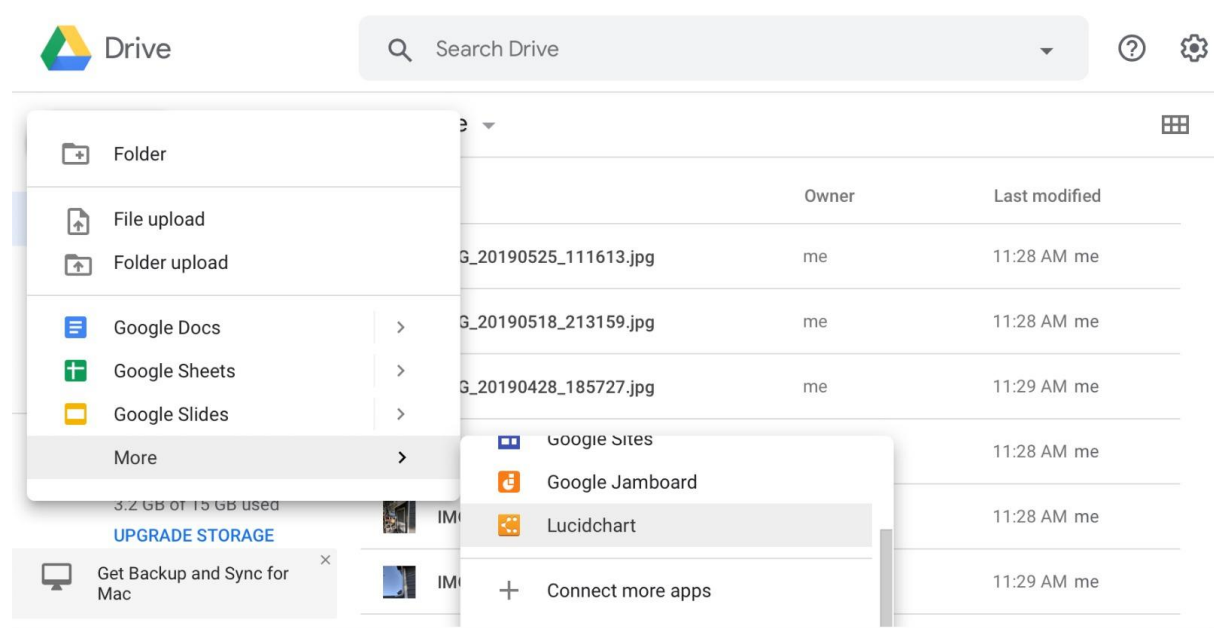

Pinterstet

- I use Pinterest to find ideas and inspiration for projects and designs.
- I use Pinterest to save useful images, tips, and creative ideas.
- I use Pinterest to discover new trends, hobbies, and study inspiration.

Google Drive

- I use Google Drive to store my files and documents online.
- I use Google Drive to share files with other people.
- I use Google Drive to access my work from different devices.

My Short Reflection

I use digital tools every day to communicate, study, and complete my work.

I use Slack to communicate with my team and discuss work-related tasks.

I use YouTube to watch educational videos, tutorials, and learn new skills.

I use LinkedIn to connect with professionals and look for job opportunities.

I use Pinterest to find ideas, inspiration, and useful content for projects.

I use Google Drive to save, organise, and share my files and documents.

I also use Instagram, TikTok, and Facebook to communicate with others and stay updated.

I feel confident when I use digital tools that I already know.

I want to improve my computer skills and learn how to use more digital platforms.

I sometimes feel nervous when I use a new app or website for the first time.

I hope this module will help me become more confident with technology.

Digital skills are important for my studies, work, and future career
