

How to insert  
a hyperlink in  
PowerPoint?

Open a new  
presentation:  
by choosing  
file, new and  
blank

Select the text, shape  
or picture that you  
want to use as a  
hyperlink;

Click **insert** => **link**  
=> **Hyperlink** as  
shown on the  
screenshot below:

Click  
web  
page  
:

You can choose a  
place within this  
document

Select current folder,  
browse page and a  
web address to link  
to:

Or you can  
link it to an  
email address

[Go to Moodle+login-  
Page:](#)

Ctrl + click
