Peer Assisted Learning

Peer-Assisted Learning (PAL) is a peer-learning scheme designed to help you settle into university life. Starting university can be a difficult time for anybody, and speaking to students who have been through a similar experience may help.

- Are you a student who started with us here at UWTSD for the very first time?
- Do you have questions that need answering?
- Are you worried about your assignments?
- Do you need help with knowing who to speak to for help?
- Would you like to speak to an existing student who knows what it's like to be a new student?

If you answered YES to any of these questions, then you may benefit from speaking to our team of PAL student mentors. One of the PAL mentors will contact you with more details if PAL is available in your subject area.
