| QUESTION                                            | EXCEPTIONAL<br>5                                                   | MERITORIOUS<br>4                                                             | COMPETENT<br>3                                                                       | PASS<br>2                                                                     | FAIL<br>1                                           |
|-----------------------------------------------------|--------------------------------------------------------------------|------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-------------------------------------------------------------------------------|-----------------------------------------------------|
| Structure of paper (10%)                            | Reads like a technical review article; fully grammar-checked       | Good use of signposting; fully spell-checked                                 | Clear sectioning of content; spelling and grammar generally good                     | Basic use of introduction, body and conclusion; understandable use of English | No clear structure; incomprehensible use of English |
| Appropriate use of illustrations and examples (10%) | Professional-level use and citation of illustrations               | Well illustrated with appropriate citations                                  | All major points illustrated                                                         | Small number of appropriate illustrations/examples                            | No or inappropriate illustrations/examples          |
| Breadth of research (20%)                           | All references are journal/white papers or books                   | Most references are journal/white papers or books                            | Some references are journal/white papers or books                                    | Only references websites                                                      | No references                                       |
| Description of findings (20%)                       | Full and detailed description of the topic                         | Describes a wide range of features relating to the topic in depth            | Describes a wide range of features in overview or a small number in depth            | Describes the main features of the topic                                      | Incorrect, misleading or missing.                   |
| Identification of key issues (20%)                  | Considers both historical context and future development of issues | Considers either historical context or future development of issues          | Covers a wide range of issues in overview or a small number in depth                 | Identifies the most obvious issues                                            | Incorrect, misleading or missing                    |
| Analysis of key issues (20%)                        | Discusses how likely future changes will affect these issues       | Identifies major themes across multiple issues; strong analytical discussion | Compares and contrasts a wide range of issues in overview or a small number in depth | Discusses the most obvious issues                                             | Incorrect, misleading or missing                    |

Non-submission for a section will result in a mark of 0 for that section.

Good summary of the topic. Would be good to have a couple of sentences on the possible future of crypto-commerce but overall a good piece of work.  
Be careful to show all of the details when citing websites
