Artist Bio

Tae Hawfa

Is a London Based , Virginia born hip hop artist. Inspired by Lil Wayne, A\$AP Rocky, Wiz Khalifa and a few others. He released his first single @Picasso 2018 which broke him into the music scene. He has since released a variety of different tracks with different feels to them all. The best way to describe his sound is gritty playa fashion rap with a splash of melodics.

He recently released a full project called BADNEWZ which was filled with a perfect combination of all of that.

“At the end of the day im just giving you pieces of me so the you can paint your own picture of me” - Tae Hawfa
