

UWTSD How to increase your budgets.

The actions on this list will result in you gaining additional funds for your productions. This list is subject to change and provides a general outline.

Students will need to keep track and document their own financial record via the 'Annual Financial Record Document'. This document must be presented with evidence of funds before being officially signed off by a lecturer.

Social media clause – Students must create a new Instagram account, and must not post any social media content on previous personal existing platforms. This is to ensure that all students are on a fair playing field, and no students take advantage of existing large followings they may have on social media.

Category	Additional Information	Pricing
