Objectives

Looking for a job where I make myself useful for the community by providing my services which I have learned in my studies and previous experiences. My passion is to work for humanity and work as a volunteer as much as I can.

Experience

- Clinical Placement Nurse (University of wales)
Conducted patient assessments, assisting in treatment planning and care administration. Monitored patient vitals, recorded health updates, and adhered to high-quality care standards.
- Volunteer Health Assistant (Ely Bridge Surgery).
Provided basic first aid and care for patients at rural health camps organized by the Red Crescent. Educated community members on hygiene, disease prevention, and healthy practices. Collaborated with healthcare teams to organize and deliver care for underserved populations in rural areas.
